Request for Public Records dated March 18, 2022
Response dated April 6, 2022

Dear M. Suzuki and all that should be concerned:

The very foundation of this country is the **oath taken by our public servants** to solemnly swear to support and defend the Constitution of the United States. Without this Oath you are not to be in a position as public servant in any capacity. **We, the People** are verifying and validating that all public servants are indeed lawful. The oath is to support and defend the U.S. Constitution and faithfully execute your duties. **The intent is to protect the public from a government** that might fall victim to political whims and to provide the North Star the Constitution – as a source of direction. Several teachers as well as a principle with the Bear Valley Unified School District have expressed that they have never signed an Oath. The only way to verify, is **to start at the foundation of this country and requirements set forth** for serving **We, the People**, on all levels.

We, the People are in receipt of your letter in which **you are attempting to justify** what is in the best interest of We, the People. The FIOA (Freedom of Information Act) and CPRA (California Public Records Act) was passed by the Legislature in 1968 for the purpose of providing the records be disclosed to the **public upon request**. The CPRA requires school district to provide members of the public with access to writings related to school district business which are prepared, owned, used, or retained by the school district (Gov. Code, 6250 et seq.) Your, opinion as a public servant, M. Suzuki on what is in the best interest of the people is **not valid** in this instance, as it is **We, the People** have the right to request from you, as we are the persons paying your salary, to receive what is **duly justified**.

California law expressly “**does not allow limitations on access of public record** based upon the purpose for which the records are being requested”. Court decisions have made clear that the motivation of the individual/s who make a request for documents under California Public Records Act is not a basis to reject.

We, the People

P.S. **We, the People** are aware of delay tactics and blocking of information to our community at large.

End of Letter to M. Suzuki

Our system of education deteriorated to a level of “nothingness” when it comes to our God given rights protected by the Constitution of California (1849) and the Constitution of the United States. This letter is to remind those in our community and those, **like you**, that serve the people of this community to **ALWAYS** question “**perceived**” authority on ALL levels, including attorneys/lawyers. Do these lawyers know anything about Constitutional Law? Lawyers profit because you seek them as the final authority, beware!

Scripture states in LUKE 11:52, “Woe to you lawyers! For you have taken away the key of knowledge.

Did even one of you question this” perceived” authority? Did you Cathy? Did you Jack? Did You Stephen? Did you Susan? Did you Paul? Do any of you understand the Oath you signed under Penalty and Perjury? Do any of you know what that means?

Has the indoctrination settled in your spirit as ultra-mind control that made you believe in “perceived” authority and not our God, our creator? Did you stop and think that you are being misinformed, with false hegemonized information, and unlawful information? Has anything **We, the People** given to you, made you “stop” and question yourself? It was heard that you, after months of having this information

said that you didn't know if anything We, the People gave you was true. Yet, you, at that point, had ample time to research but hadn't.

There are people who have sworn an Oath to the Constitution, that has never been read and they don't know it exists, though required by law. Simple embarrassing and shameful as the government tramples on our basic liberties. It is apparent that even you, as a board, have no knowledge of what you signed under penalty of perjury! If you did not sign an Oath, you are hereby "noticed" that you are a fraud before the people and are in your position unlawfully, which is a crime, especially, in fact, you were informed. Which makes this posturing "willful," which is a crime.

Remember ignorance of the law is NO excuse? The ice is thin!

We, the People are preparing! It just a matter of time!

Remember, you have acquiesced!

Respectfully Notice,

We, the People of Big Bear

Re: Request for Public Records dated March 18, 2022

Dear We the People:

This letter shall serve as the determination of the District concerning your March 18, 2022, request for records under the California Public Records Act ("CPRA"), pursuant to Government Code section 6253(c).

The District responds as follows:

Request No. 1

We, the People of Big Bear are requesting, on this day, the opportunity to obtain copies of public records for the Oath of Office and/or affirmation requirement for all the principles [sic], teachers, staff, superintend [sic], district staff and school board's[sic] under Education Code section 44334 for the Bear Valley Unified School District.;

Response to Request No. 1

The request for copies of the Oath for all employees is denied as unduly burdensome because the District would need to undergo a very time-consuming and expensive process of pulling each individual personnel file, searching for the document, and making photocopies, which is contrary to the public interest. The "public interest" "encompasses public concern with the cost and efficiency of government." (*North County Parents Organization v. Department of Education* (1994) 23 Cal.App.4th 144, 151-152.)

Since the Oath is identical for each employee you listed in your request, the District has included a representative copy of the Oath that all employees sign.

Denial of Requests

It is the mission of Bear Valley Unified School District to educate, inspire, and prepare all students by creating innovative learning environments where students can thrive academically, contribute to society, and lead healthy, purposeful lives.

Please be advised that pursuant to Government Code section 6253(d), the person responsible for the denial of any of your requests is Mary Suzuki, Superintendent.

Sincerely,

Dr. Mary Suzuki
Superintendent of Schools
