Joe Baca, Jr.

Fifth District Supervisor
(909) 387.4565
385 N. Arrowhead Avenue
San Bernardino, CA 92415
Hand Delivered and Certified # 7020 0640 0001 7726 7102

Joshua Dugas - Director
The San Bernardino County Department of Public Health
351 N. Mountain View Ave
San Bernardino, CA 92415
Certified # 7020 0640 0001 7726 7119

To All men make these Presents Known: The Board of Supervisors of San Bernardino County and Notice to The San Bernardino County Department of Public Health,

Notice to Agents is Notice to Authority/Principles.

As the Board of Supervisors, you were elected as public servants ENTRUSTED with Governing our community's programs that meet the needs of the county residents.

The overall message herein is that each of you took and Oath under Penalty of Perjury committing all of you to adhere to your Oath. Our parents in the Bear Valley School District and all our K-12 students are demanding that you PROTECT THEIR CIVIL RIGHTS, THEIR INALIENABLE RIGHTS.

The Board of Supervisors have three primary legal duties, duty of care, duty of loyalty (oath) and duty of obedience.

As public servants you are each accountable to, We, the People. You as individual members of the Board of Supervisors are subject to the voice of the people. We, the People detestation for the current status quo, without question, that includes serious unlawful orders, **that violate the rights of the people** and you are put on Notice of violating of your Oath to protect.

Ignorance of the law is no excuse, shows up in the Bible in Leviticus 5:17.

"Ignorance of the law excuses NO ONE. Hence, it is highly advisable to get acquainted with the laws that are in agreement with the Constitution of the United States and the Constitution of California (1849) and the culture of any county that you visit or live.

The Government does not grant rights! The Government has no right to grant anything!

The famous legal maxim is embodied in Article 42 of Federal Law No. (3) of 1987, otherwise known as the UAE Penal Code, which provides that "ignorance of the provisions of the law shall not be considered an excuse.

5 USC § 3331 – Oath of Office – As required in Government Code Section 3302 to be signed.
5USC 16, R.S. §1757. May 13, 1884, Ch. 46, §2,3,23 Stat 22.

You are informed that there is NO LAW or authority that allows you to mandate anything upon the people no matter the age. You are remiss in your responsibilities to protect the rights of the people and you are again noted of your Crimes Against Humanity for you lack of seeking the truth and accepting status quo and failing in your leadership.

You should seek counsel and choose wisely, as it is quite apparent that your counsel is remiss in educating you all, on your obligation to your oath and the people you serve.

This is not a dictatorship; We the People pay you and elected you to KNOW, yet we are educating you. Shameful!

Did even one of you question this “perceived authority”? Did you Curt? Did you Paul? Did you Janice? Did you Dawn? Did you Joe? Did you Joshua? Has indoctrination settled in your spirit as ultra-mind-control that made you believe in “perceived authority”? Did you stop and think that you are being misinformed?

This Notice is to remind ALL THOSE in public service that We the People have now INFORMED each one including The County and County Public Health, are demanding to you all to cease and desist. Your failure to do so will not only open each of you to criminal acts of State and Federal levels but also on International levels.

Practicing Medicine Without a License – You and everyone employed by the County of San Bernardino, and not limited to have engaged in the practice of medicine without a license, which is a violation of State Law.

This NOTICE is to inform you of your VIOLATION(S) of our CONSTITUTIONALLY PROTECTED RIGHTS (Article 4-2-1) or ANY OTHERS' RIGHTS, PRIVILEGES, OR IMMUNITIES that we may have and VIOLATION(S) OF DUE PROCESS OF LAW as is required by US Code, Statute, the Constitution for the united State of America and the California Constitution (1849).

BE IT KNOWN that you are attempting to make law in absence of due process of the laws by issuing “Ordinances”, “Orders”, “Mandates,” and other statements that create a color of law but are not actual law and you DO NOT HAVE THE AUTHORITY TO DO SO, THEREFORE, you are PARTICIPATING IN A CONSPIRACY that is IN VIOLATION OF YOUR OATH OF OFFICE. As an Oath Sworn public Servant you are governed by the Contracts established by Federal and California State Constitutions and Federal Codes and Statues, and all apply to you.

BE PUT ON NOTICE that YOU WILL BE HELD FULLY RESPONSIBLE AND PERSONALLY LIABLE for your actions under the pertinent US Codes (information herein schedules of fines) and Criminal and Civil Statues, some of which are set forth in this NOTICE, but are not limited to this notice.

No agency has authority over the people and all the officials “pretending to have perceived authority are fraud before the people.

We are a country of laws! You that took an Oath to protect the right of the people should be educated to know that ordinances, rules, required, regulations, ordered, recommended, compulsory, demanded, decree, MANADATES are NOT LAW.

This Notification of liability is the first essential element of due process of law. You are required to respond in rebuttal to these presentments in writing if you do not agree. If you choose to respond, you must include bonafide evidence that supports your positions. Merely reciting court cases does not constitute giving a response to this Administrative Notice and Administrative Due Process; and any rebuttals that do not include supporting strict evidence will be our mutual agreement that said unsupported statements made by you are frivolous! As silence is acquiescence under the law (tacit), silence can only be equated with fraud where there is a lawful or moral duty to speak, or, where an inquiry left unanswered would be misleading, whether intentionally or not. Your refusal, neglect or

failure to respond in writing forthwith time limit mutually agreed to herein shall be our mutual agreement and your express admission(s) to all that I state herein/hereafter.

Be it therefore known by these presents, that We, the People, supra, are competent natural born men upon the land, and we hereby and herein give each of you formal Notice of Acceptance of your Oaths of Office for named "public servants: Paul Cook, Janice Rutherford, Dawn Rowe, Curt Hagman, Joe Baca Jr., and all the employees of San Bernardino County.

Each of you have been required to take the following oaths:

1. Article XI, section 13 of the California Constitution (1849*):

Sec. 3. Members of the Legislature, and all officers, executive and judicial, except such inferior officers as may be by law exempted, shall, before they enter on the duties of their respective offices, take and subscribe the following oath or affirmation:

" I do solemnly swear (or affirm, as the case may be,) that I will support the Constitution of the United States, and the Constitution of the State of California, and that I will faithfully discharge the duties of the office of, according to the best of my ability."

And no other oath, declaration, or test, shall be required as a qualification for any office or public trust.

2) Statute I, June 1, 1789, Section 3, requires the following oath to be taken, as well:

And be it further enacted, That the members of the several State legislatures, at the next sessions of the said legislatures, respectively, and all executive and judicial officers of the several States, who have been heretofore chosen or appointed, or who shall be chosen or appointed before the first day of August next, and who shall then be in office, shall within one month thereafter, take the same oath or affirmation, except where they shall have taken it before; which may be administered by any person authorized by law of the State, in which such office shall be holden, to administer oaths. And the members of the several state legislatures, and all executive and judicial officers of the several States, who shall be chosen or appointed after the said first day of August, shall, before they proceed to execute the duties of their respective offices, take the foregoing oath or affirmation¹, which shall be administered by the person or persons, who by the law of the State shall be authorized to administer the oath of office; and the person or persons so administering the oath hereby required to be taken, shall cause a record or certificate thereof to be mad, in the same manner, as, by the law of the State, he or they shall be directed to record or certify the oath of office.

3) The Political Code § 904. Oath, form of. Before any officer enters on the duties of his office, he must take and subscribe the following oath:

"I do swear [or affirm] that I will support the constitution of the United States and the constitution of the state of California, and that I will faithfully discharge the duties of the office of according to the best of my ability." En. March 12, 1872. Cal. Rep. Cit. 75, 452; 79, 109. Provision constitutional: See California Const. (1849), Art. XI, sec. 3.

If you have taken any other oath besides the one Required pursuant California Constitution (1849) Article XI, section 3, then you are not qualified to be in said Office, and employment by the State/County, and your Offices are vacant and have been vacant for failures to timely take the proper (1849) oaths, and file them with the County Recorder's Office, and the Secretary of State. If you are Jewish and have taken and performed "The Prayer of Kol Nidre," or a Mason and taken "The Masonic Oaths," or the "Jesuit Oath" you are not qualified, as after had taken the Prayer of Kol Nidre, the Masonic Oath and/or the Jesuit Oath, you're having taken any other Oaths aforementioned, it means that you have perjured your Oath of Office and lied. It also shows your intent not to be honorable and that you do not feel any obligation to the Solemn Oaths of Office you undertook, prior to entering office within San Bernardino County. If you have done any acts without having entered Office by first taking said required oaths, then all acts you have performed are in fact

void, and we hold them for naught, and you will be prosecuted for exercising the Office(s) improperly and prosecuted for impersonating a State Officer and/or Political Subdivision Employee, known as San Bernardino County/County of San Bernardino. It does not matter what the Court of Appeals have said, as the fundamental law is the federal Constitution (1789) as well as the Constitution for the State of California (1849). We do not honor anything contrary to our fundamental laws!

The Political Code §907, provides:

Oath, when taken. Whenever a different time is not prescribed by law, the oaths of office must be taken and subscribed, and filed within ten days after the officer has notice of his election or appointment, or before the expiration of fifteen days from the commencement of his term of office, when no such notice has been given. En. March 12, 1872. Cal. Rep. Cit. 57, 621; 63, 128; 63, 176; 79, 109; 85, 511; 85, 512; 85, 513, 127, 350; 127, 351. When must qualify: See post, sec. 947 See mandatory section: Post, sec. 947.

The Political Code §909, provides:

Oath, where filed. Every oath of office certified by the officer before whom the same was taken, must be filed within the time required by law, except when otherwise specially provided as follows: First - The oath of all officers whose authority is not limited to any particular county, and of all officers whose duties are local, or whose residence in any particular county is prescribed by law, in the offices of the clerks of their respective counties. Second - The oath of all officers, elected or appointed for any county, and of all officers whose duties are local, or whose residence in any particular county is prescribe by law, in the offices of the clerks of their respective counties. Third - [omitted.]

1 "I, A.B. do solemnly swear or affirm (as the case may be) that I will support the Constitution of the United States."

The Political Code §910, provides:

Oath of deputies. Deputies, clerks, and subordinate officers must, within ten days after receiving notice of their appointment, take and file an oath in the manner required of their principals. En. March 12 1872. Cal. Re. Cit. 107, 233.

The Political Code §947, provides:

Time for filing bond. Every official bond must be filed in the proper office within the time prescribed for filing the oath, unless otherwise expressly provided by statute. En. March 12, 1872. Cal. Re. Cit. 57, 621; 63, 176.

The Political Code §950, provides:

Bonds of county and township officers. Unless otherwise prescribed by statute, the official bonds of county and township officers must be approved by the judge of the superior court, recorded in the office of the county recorder, and then filed in the county clerk's office. En. March 12 1872. Am'd. 1880, 20. Recording and filing of bonds: See post, secs. 951, 953, 986.

The Political Code §951, provides:

Record of official bond. Official bonds must be recorded in a book kept for that purpose and entitled "Record of Official Bonds." En. March 12, 1872.

The Political Code §961, provides:

Suit on bonds. Every official bond executed by any officer pursuant to law is in force and obligatory upon the principal and sureties therein to and for the state of California, and to and for the use and benefit of all persons who may be injured or aggrieved by the wrongful act or default of such officer in his official capacity; and any person so injured or aggrieved may bring suit on such bond, in his own name, without an assignment thereof. En. March 12, 1872. Cal. Re. Cit. 64, 217; 74, 375; 99, 499.

The Political Code §967, provides:

Liability of officers and sureties. The officer and his sureties are liable to any party injured by the breach of any condition of an official bond, after the execution of the additional bond, upon either or both bonds, and such party may bring his action upon either bond, or he may bring separate actions on the same cause of action and recover judgement therefor in each suit. En. March 12, 1872.

The Political Code §975, provides:

Office declared vacant for want of official bond. IN ten days after the service of such notice, the judge, court, board, officer or other person with whom the same is filed, must make an order declaring such office vacant, and releasing such surety from all liability thereafter to arise on such official bond, and such office thereafter is in law vacant, and must be immediately filled by election or appointment, as provided for by law as in other cases of vacancy of such office, unless such officer has before that time given good and ample surety for the discharge of all his official duties as required originally. En. March 12, 1872. Cal. Rep. Cit. 59, 450.

The Political Code §996, provides:

Vacancies, how they occur. An office becomes vacant on the happening of either of the following events before the expiration of the term: 1-8 [omitted.] 9. His refusal, or neglect to file his official oath or bond

within the time prescribed. En. March 12, 1872. Cal. Rep. Cit. 55, 80; 57, 621; 5', 622; 62, 568; 63. 176;06, 656; 67. 12; 67, 118; 67, 119; 68, 283; 79, 111;79, 112; 87, 479; 100. 539; 100, 540; 100, 541; 107.240; 117, 620; 139, 681. Subd. 9—107, 241; 109, 389.Subd. 10—118, 395.

If you have valid Oaths of Offices (and bonds) then these said Oaths of Offices being your open, binding and irrevocable offer, to which Our acceptances does hereby ratify into a firm, binding, private, bilateral contract between us, the People, by which you agree to uphold the Supreme Law of the Land, also known as the Constitution for the united States of America (1789) with the Bill of Rights (1791), and the Constitution for the State of California (1849), which you must perform all of your duties as Public Servants. Further, you are required to uphold and to protect all of my rights, by which I agree to receive, and, with the express and implied protections and provisions of said fundamental laws, including our rights, both as and of the services of your offices, as the valuable consideration passing between us that consummates the acceptance of the contract as it was offered.

Further, We, the People, are not obligated in any way to comply with regulations, codes, statutes, and administrative procedures, as that We, the People ourselves are not subject to ADMINISTRATIVE, REGULATIONS, or laws Unless we have consented to be bound by it in relation to engaging in some REGULABLE PRIVILEGE governed by the state. As of this writing we have no regulable obligations with you.

Penal laws WOULD and DO apply in cases of rights violations through some manner of harm perpetrated by an individual or group, but NOT administrative or regulatory law without that consent to engage in that specified privileged activity.

We would recommend that you all read a highly informative book called "Is Administrative Law Unlawful?" It is written by an actual law professor, Philip Hamburger (no pun intended), and his points are logically irrefutable but tyrannically ignored by those in power because it would take all of your wrongfully presumed/assumed powers away.

The California Constitution (1849), requires you to take an oath to support the and defend the Constitution for the United States and state Constitution (1849), and to defend me and my rights, as you expressed it under "Declaration of Rights." I have included excerpts from the "Declaration of Rights" that you swore an oath to.

We further know that though you took some type of oaths to support and defend us and our freedom, including, but not limited to the federal and state Constitution (1849) (Article XI, section 3); and, that each of you have never actually read or understand the obligations you have imposed upon yourselves upon being hired. We have included pertinent sections that you have declared are the enumerated rights of the people, so as to avoid any future misunderstandings/misapprehension that you may have regarding the true basis of your employment as public servants actually mean.

California Constitution, Article I, Section 1: All men are by nature free and independent, and have certain inalienable rights, among which are those of enjoying and defending life and liberty, acquiring, possessing, and protecting property: and pursuing and obtaining safety and happiness.

Questions: Are there any exceptions to Section 1? Don't understand this one? OK. Where under Article I, section 1 does it say "except to "California Department of Public Health, CAL/OSHA, CA Health and

Human Services, Public Health Accreditation Board," "State Public Health Officer & Director," "Centers for Disease Control and Prevention," "County Superintendent of Schools," "Bear Valley Unified School District," "The "San Bernardino County Code," The "Civil Code of Procedure," or The "Penal Code"?

Answers: There are no exceptions in the organic Constitution granting exceptions to

Organic Cal. Const. (1849), Art. XI, Sec. 3. Members of the Legislature, and all officers, executive and judicial, except such inferior officers as may be by law exempted, shall, before they enter on the duties of their respective offices, take and subscribe the following oath or affirmation: "I do solemnly swear (or affirm, as the case may be,) that I will support the Constitution of the United States, and the Constitution of the State of California, and that I will faithfully discharge the duties of the office of the County of Board Supervisors , according to the best of my ability." And no other oath, declaration, or test, shall be required as a qualification for any office or public trust.

The "California Department of Public Health, CAL/OSHA, CA Health and Human Services, Public Health Accreditation Board," "State Public Health Officer & Director," "Centers for Disease Control and Prevention," "County Superintendent of Schools," "Bear Valley Unified School District," "The "San Bernardino County Code," The "Civil Code of Procedure," or the "Penal Code"? and certain sections contained therein, at Article I, section 1 of the California Constitution (1849).

California Constitution, Article I, Section 2: All political power is inherent in the people. Government is instituted for the protection, security, and benefit of the people; and they have the right to alter or reform the same, whenever the public good may require it.

Questions: Since "All political power is inherent in the people" where is the constitutional exception to the San Bernardino County, State of California, and the State of California, the School Board, or the United States?

Answers: There are no exceptions where the city, State, County, the School Board, or the United States have political power over the Sovereign People. Government was instituted for the protection, security and benefit of the people, and we have the right to alter the same, meaning get rid of you, when you violate your solemn oaths.

California Constitution, Article I, Section 10: The people shall have the right freely to assemble together, to consult for the common good, to instruct their representatives, and to petition the legislature for redress of grievances.

Definition of "instruct." Merriam-Webster's 2016: "to give (someone) an order or command."

Questions: Since the people have the right to instruct (order) their representatives, which you as public servants are required to be ordered about, where is the exception to the people being ordered to do certain things by our servants?

Answers: There are none. You must accept orders and commands of the people, meaning us the People, when plural or singular in number; and you must stop trespassing on our rights, our children's' rights and must stop denying the people the ability to exercise of our rights

California Constitution, Article I, Section 16: No bill of attainder, ex post facto law, or law impairing the obligation of contracts, shall ever be passed.

Questions: Since all codes, regulations, are ex post fact laws, meaning laws after the fundamental law, i.e., the Constitution, can never be passed. When did the City, State, or School Board, or any public servant get our permissions to have us waive the constitutional enumerated rights, and inherent rights?

Answers: Never. Servants never have permission to overrule their masters, meaning We the People. Your demand for COVID 19 Testing and Vaccinations appears to be a bill of attainder, requiring us to do something within a certain amount of time, and, if not without a trial punishes either by jail, fines, placing liens on property, or seizing and selling land/property/real estate without going through the benefit of litigation, trial by jury, etc. We decline your proposed offer to comply.

California Constitution, Article I, Section 18: Neither slavery, nor involuntary servitude, unless for the punishment of crimes, shall ever be tolerated in this State.

Questions: Since the State, County and City mandates only affect State, County and City employees, San Bernardino County can only apply State mandates to the State and the County's employees or persons that contract with the State/County as employees, and that there is no contract between us the People, is it not true that forcing us against our Wills to comply with the State mandates, and failure to do so the County menaces us by refusing to perform services you are obliged to perform, proper?

Answers: Yes, it is true that by forcing us into compliance by menacing us that you will force compliance through use of violence and/or suit, or through denial of Services which you have been paid by us to perform, if we do not voluntarily submit to testing, vaccinations, without a warrant, is a form of involuntary servitude and slavery, especially when there is no science behind such so-called "mandates" from the State/Fed Govt, and absent exigency; and, there are no emergencies.

California Constitution, Article I, Section 21: This enumeration of rights shall not be construed to impair or deny others retained by the people.

Questions: Why do you exercise powers not given to you, since the enumeration of our rights, enumerates that if your branch of government was not delegated rights, you have no right. So why do you exercise unwarranted powers?

Answers: Because of improper training regarding the Constitution. Failing to perform your obligations opens each one of you to personal liability for your failure to uphold your oaths which you (singularly, and plurally) declared were the rights of the people.

City/County Has Denied Us the Exercise of Our Rights and now you are informed.

See attached the unlawful breach description, and penalties therein starting with violation of your Oath of Office.

Your employer can not represent you, as this is Civil and makes you personally liable for your violations. So, when you understand you are subjecting yourself to "perceived authority" get educated quickly.

There is NO VEIL of protection.....as stated, ignorance of the law is no excuse! Get educated on what it means to take an Oath under Penalty of Perjury.

Remember you work for We the People! We the People are looking for smart, educated, trustworthy, focused, ethical, strong leadership with integrity, (backbone) and the ability to "stand alone" for what is right, truthful and "just".

You were elected to make decisions for the betterment of humanity. Currently you and your colleagues on all levels is deception, lies and misinformation that you **are not** challenging and are partaking in Crimes Against Humanity. This reliance upon others is tainting your ability to seek the truth. Why do **WE** know more than you?

ONE LIFE IS TOO MANY! How much blood do you currently have on your hands by your lack of knowledge? This is not an exaggeration!

You took an Oath to represent We the People. Your names have been duly noted and participating in the indoctrination that you have been fed. This is a reminder that your authority comes from We the People.

If you continue your chosen path, not upholding your Constitutional duties we ask you to resign your position. You have five days from the mailed Certified receipt of this Notice to respond. If you fail to respond, including being sued in your individual/personal capacities for at least \$1,000,000.00 each, not including costs, attorney's fees, etc. etc., etc. (Paragraph Amended 7-12-22 @ 3.40 p.m.)

It is important for you to understand that you have been "informed". In a court of law being informed makes your actions from this point on "willful" which is considered criminal behavior.

We the People,

18 USC 1091 TREASON (combined actions above) and allowing unelected and	\$250,000.00	
18 USC 3571 Page 7 of 16 unaccountable agencies and agents to dictate and shape policy that violates due process rights	\$250,000.00	18 USC 3571

This notice is provided to inform you that the Notifying Party has provided the above descriptions of the unconstitutional and illegal actions that have endangered the health of our children attending this school district. Furthermore, the CRT and LGBTQ+ is inappropriate material to be taught in any school. It incites violence and causes extremely suicide tendencies in your children. If these illegal mandates do not stop today, We, the people, will seek damages for the full amount listed above.

Former Chief Science Officer, Mike

Yeadon at Pfizer Says: He fears “Massive”

Depopulation through “Mass” Vaccinations. Mike Yeadon WARNS vaccines may be deliberate Depopulation Ploy.

GAME OVER

Mike Yeadon, ex-Chief Scientist of Pfizer, has stated that it may be too late to save those who have been injected with any Covid-19 vaccine. He urges those who have not yet been injected with the deadly compound to reject it to save their lives and the lives of their children.

The world acclaimed immunologist warns that many more people will probably yet be injured or killed by the vaccination program.

Many have died within 2 weeks of the shot. Many more are expected to be injured or killed by the long- term effects of the vaccine with increasing danger with every top up or “booster” injection.

Supplemental vaccines are in development to cause degradation of specific organs – including heart, lungs and brain. Having been intimately acquainted with the functioning and goals of research of the Pharmaceutical giant, Pfizer for 2 decades.

Professor Mike Yeadon states that the final goal of the currently administered regime of vaccination can only be a mass depopulation event.

And it’s not just this guy; thousands of extremely respected people in their fields are saying the same thing.

5.3.6. CUMULATIVE ANALYSIS OF POST-AUTHORIZATION ADVERSE EVENT REPORT OF PF-07302048 (BNT162B2) RECEIVED THROUGH 28-FEB-2021. (Anyone desiring the entire report please let Cindy Dupre know and a grateful donation of \$5.00 for the cost of printing.)

APPENDIX 1. LIST OF ADVERSE EVENTS OF SPECIAL INTEREST

1p36 deletion syndrome; 2-Hydroxyglutaric aciduria; 5'nucleotidase increased; Acoustic neuritis; Acquired C1 inhibitor deficiency; Acquired epidermolysis bullosa; Acquired epileptic aphasia; Acute cutaneous lupus erythematosus; Acute disseminated encephalomyelitis; Acute encephalitis with refractory, repetitive partial seizures; Acute febrile neutrophilic dermatosis; Acute flaccid myelitis; Acute haemorrhagic leukoencephalitis; Acute haemorrhagic oedema of infancy; Acute kidney injury; Acute macular outer retinopathy; Acute motor axonal neuropathy; Acute motor-sensory axonal neuropathy; Acute myocardial infarction; Acute respiratory distress syndrome; Acute respiratory failure; Addison's disease; Administration site thrombosis; Administration site vasculitis; Adrenal thrombosis; Adverse event following immunisation; Ageusia; Agranulocytosis; Air embolism; Alanine aminotransferase abnormal; Alanine aminotransferase increased; Alcoholic seizure; Allergic bronchopulmonary mycosis; Allergic oedema; Alloimmune hepatitis; Alopecia areata; Alpers disease; Alveolar proteinosis; Ammonia abnormal; Ammonia increased; Amniotic cavity infection; Amygdalohippocampectomy; Amyloid arthropathy; Amyloidosis; Amyloidosis senile; Anaphylactic reaction; Anaphylactic shock; Anaphylactic transfusion reaction; Anaphylactoid reaction; Anaphylactoid shock; Anaphylactoid syndrome of pregnancy; Angioedema; Angiopathic neuropathy; Ankylosing spondylitis; Anosmia; Antiacetylcholine receptor antibody positive; Anti-actin antibody positive; Anti-aquaporin-4 antibody positive; Anti-basal ganglia antibody positive; Anti-cyclic citrullinated peptide antibody positive; Anti-epithelial antibody positive; Anti-erythrocyte antibody positive; Anti-exosome complex antibody positive; Anti-GAD antibody negative; Anti-GAD antibody positive; Anti-ganglioside antibody positive; Antigliadin antibody positive; Anti-glomerular basement membrane antibody positive; Anti-glomerular basement membrane disease; Anti-glycyl-tRNA synthetase antibody positive; Anti-HLA antibody test positive; Anti-IA2 antibody positive; Anti-insulin antibody increased; Anti-insulin antibody positive; Anti-insulin receptor antibody increased; Anti-insulin receptor antibody positive; Anti-interferon antibody negative; Anti-interferon antibody positive; Anti-islet cell antibody positive; Antimitochondrial antibody positive; Anti-muscle specific kinase antibody positive; Anti-myelin-associated glycoprotein antibodies positive; Anti-myelin-associated glycoprotein associated polyneuropathy; Antimyocardial antibody positive; Anti-neuronal antibody positive; Antineutrophil cytoplasmic antibody increased; Antineutrophil cytoplasmic antibody positive; Anti-neutrophil cytoplasmic antibody positive vasculitis; Anti-NMDA antibody positive; Antinuclear antibody increased; Antinuclear antibody positive; Antiphospholipid antibodies positive; Antiphospholipid syndrome; Anti-platelet antibody positive; Anti-prothrombin antibody positive; Antiribosomal P antibody positive; Anti-RNA polymerase III antibody positive; Anti-saccharomyces cerevisiae antibody test positive; Anti-sperm antibody positive; Anti-SRP antibody positive; Antisynthetase syndrome; Anti-thyroid antibody positive; Anti-transglutaminase antibody increased; Anti-VGCC antibody positive; Anti-VGKC antibody positive; Anti-vimentin antibody positive; Antiviral prophylaxis; Antiviral treatment; Anti-zinc transporter 8 antibody positive; Aortic embolus; Aortic thrombosis; Aortitis; Aplasia pure red cell; Aplastic anaemia; Application site thrombosis; Application site vasculitis; Arrhythmia; Arterial bypass occlusion; Arterial bypass thrombosis; Arterial thrombosis; Arteriovenous fistula thrombosis; Arteriovenous graft site stenosis; Arteriovenous graft thrombosis; Arteritis; Arteritis

coronary;Arthralgia;Arthritis;Arthritis enteropathic;Ascites;Aseptic cavernous sinus thrombosis;Aspartate aminotransferase abnormal;Aspartate aminotransferase increased;Aspartate-glutamate-transporter deficiency;AST to platelet ratio index increased;AST/ALT ratio abnormal;Asthma;Asymptomatic COVID-19;Ataxia;Atheroembolism;Atonic seizures;Atrial thrombosis;Atrophic thyroiditis;Atypical benign partial epilepsy;Atypical pneumonia;Aura;Autoantibody positive;Autoimmune anaemia;Autoimmune aplastic anaemia;Autoimmune arthritis;Autoimmune blistering disease;Autoimmune cholangitis;Autoimmune colitis;Autoimmune demyelinating disease;Autoimmune dermatitis;Autoimmune disorder;Autoimmune encephalopathy;Autoimmune endocrine disorder;Autoimmune enteropathy;Autoimmune eye disorder;Autoimmune haemolytic anaemia;Autoimmune heparin-induced thrombocytopenia;Autoimmune hepatitis;Autoimmune hyperlipidaemia;Autoimmune hypothyroidism;Autoimmune inner ear disease;Autoimmune lung disease;Autoimmune lymphoproliferative syndrome;Autoimmune myocarditis;Autoimmune myositis;Autoimmune nephritis;Autoimmune neuropathy;Autoimmune neutropenia;Autoimmune pancreatitis;Autoimmune pancytopenia;Autoimmune pericarditis;Autoimmune retinopathy;Autoimmune thyroid disorder;Autoimmune thyroiditis;Autoimmune uveitis;Autoinflammation with infantile enterocolitis;Autoinflammatory disease;Automatism epileptic;Autonomic nervous system imbalance;Autonomic seizure;Axial spondyloarthritis;Axillary vein thrombosis;Axonal and demyelinating polyneuropathy;Axonal neuropathy;Bacterascites;Baltic myoclonic epilepsy;Band sensation;Basedow's disease;Basilar artery thrombosis;Basophilopenia;B-cell aplasia;Behcet's syndrome;Benign ethnic neutropenia;Benign familial neonatal convulsions;Benign familial pemphigus;Benign rolandic epilepsy;Beta-2 glycoprotein antibody positive;Bickerstaff's encephalitis;Bile output abnormal;Bile output decreased;Biliary ascites;Bilirubin conjugated abnormal;Bilirubin conjugated increased;Bilirubin urine present;Biopsy liver abnormal;Biotinidase deficiency;Birdshot chorioretinopathy;Blood alkaline phosphatase abnormal;Blood alkaline phosphatase increased;Blood bilirubin abnormal;Blood bilirubin increased;Blood bilirubin unconjugated increased;Blood cholinesterase abnormal;Blood cholinesterase decreased;Blood pressure decreased;Blood pressure diastolic decreased;Blood pressure systolic decreased;Blue toe syndrome;Brachiocephalic vein thrombosis;Brain stem embolism;Brain stem thrombosis;Bromosulphthalein test abnormal;Bronchial oedema;Bronchitis;Bronchitis mycoplasmal;Bronchitis viral;Bronchopulmonary aspergillosis allergic;Bronchospasm;Budd-Chiari syndrome;Bulbar palsy;Butterfly rash;C1q nephropathy;Caesarean section;Calcium embolism;Capillaritis;Caplan's syndrome;Cardiac amyloidosis;Cardiac arrest;Cardiac failure;Cardiac failure acute;Cardiac sarcoidosis;Cardiac ventricular thrombosis;Cardiogenic shock;Cardiolipin antibody positive;Cardiopulmonary failure;Cardio-respiratory arrest;Cardio-respiratory distress;Cardiovascular insufficiency;Carotid arterial embolus;Carotid artery thrombosis;Cataplexy;Catheter site thrombosis;Catheter site vasculitis;Cavernous sinus thrombosis;CDKL5 deficiency disorder;CEC syndrome;Cement embolism;Central nervous system lupus;Central nervous system vasculitis;Cerebellar artery thrombosis;Cerebellar embolism;Cerebral amyloid angiopathy;Cerebral arteritis;Cerebral artery embolism;Cerebral artery thrombosis;Cerebral gas embolism;Cerebral microembolism;Cerebral septic infarct;Cerebral thrombosis;Cerebral venous sinus thrombosis;Cerebral venous thrombosis;Cerebrospinal thrombotic

tamponade;Cerebrovascular accident;Change in seizure presentation;Chest discomfort;Child-Pugh-Turcotte score abnormal;Child-Pugh-Turcotte score increased;Chillblains;Choking;Choking sensation;Cholangitis sclerosing;Chronic autoimmune glomerulonephritis;Chronic cutaneous lupus erythematosus;Chronic fatigue syndrome;Chronic gastritis;Chronic inflammatory demyelinating polyradiculoneuropathy;Chronic lymphocytic inflammation with pontine perivascular enhancement responsive to steroids;Chronic recurrent multifocal osteomyelitis;Chronic respiratory failure;Chronic spontaneous urticaria;Circulatory collapse;Circumoral oedema;Circumoral swelling;Clinically isolated syndrome;Clonic convulsion;Coeliac disease;Cogan's syndrome;Cold agglutinins positive;Cold type haemolytic anaemia;Colitis;Colitis erosive;Colitis herpes;Colitis microscopic;Colitis ulcerative;Collagen disorder;Collagen-vascular disease;Complement factor abnormal;Complement factor C1 decreased;Complement factor C2 decreased;Complement factor C3 decreased;Complement factor C4 decreased;Complement factor decreased;Computerised tomogram liver abnormal;Concentric sclerosis;Congenital anomaly;Congenital bilateral perisylvian syndrome;Congenital herpes simplex infection;Congenital myasthenic syndrome;Congenital varicella infection;Congestive hepatopathy;Convulsion in childhood;Convulsions local;Convulsive threshold lowered;Coombs positive haemolytic anaemia;Coronary artery disease;Coronary artery embolism;Coronary artery thrombosis;Coronary bypass thrombosis;Coronavirus infection;Coronavirus test;Coronavirus test negative;Coronavirus test positive;Corpus callosotomy;Cough;Cough variant asthma;COVID-19;COVID-19 immunisation;COVID-19 pneumonia;COVID-19 prophylaxis;COVID-19 treatment;Cranial nerve disorder;Cranial nerve palsies multiple;Cranial nerve paralysis;CREST syndrome;Crohn's disease;Cryofibrinogenaemia;Cryoglobulinaemia;CSF oligoclonal band present;CSWS syndrome;Cutaneous amyloidosis;Cutaneous lupus erythematosus;Cutaneous sarcoidosis;Cutaneous vasculitis;Cyanosis;Cyclic neutropenia;Cystitis interstitial;Cytokine release syndrome;Cytokine storm;De novo purine synthesis inhibitors associated acute inflammatory syndrome;Death neonatal;Deep vein thrombosis;Deep vein thrombosis postoperative;Deficiency of bile secretion;Deja vu;Demyelinating polyneuropathy;Demyelination;Dermatitis;Dermatitis bullous;Dermatitis herpetiformis;Dermatomyositis;Device embolisation;Device related thrombosis;Diabetes mellitus;Diabetic ketoacidosis;Diabetic mastopathy;Dialysis amyloidosis;Dialysis membrane reaction;Diastolic hypotension;Diffuse vasculitis;Digital pitting scar;Disseminated intravascular coagulation;Disseminated intravascular coagulation in newborn;Disseminated neonatal herpes simplex;Disseminated varicella;Disseminated varicella zoster vaccine virus infection;Disseminated varicella zoster virus infection;DNA antibody positive;Double cortex syndrome;Double stranded DNA antibody positive;Dreamy state;Dressler's syndrome;Drop attacks;Drug withdrawal convulsions;Dyspnoea;Early infantile epileptic encephalopathy with burst-suppression;Eclampsia;Eczema herpeticum;Embolia cutis medicamentosa;Embolic cerebellar infarction;Embolic cerebral infarction;Embolic pneumonia;Embolic stroke;Embolism;Embolism arterial;Embolism venous;Encephalitis;Encephalitis allergic;Encephalitis autoimmune;Encephalitis brain stem;Encephalitis haemorrhagic;Encephalitis periaxialis diffusa;Encephalitis post immunisation;Encephalomyelitis;Encephalopathy;Endocrine disorder;Endocrine ophthalmopathy;Endotracheal intubation;Enteritis;Enteritis leukopenic;Enterobacter pneumonia;Enterocolitis;Enteropathic spondylitis;Eosinopenia;Eosinophilic

fasciitis;Eosinophilic granulomatosis with polyangiitis;Eosinophilic
 oesophagitis;Epidermolysis;Epilepsy;Epilepsy surgery;Epilepsy with myoclonic-atonic
 seizures;Epileptic aura;Epileptic psychosis;Erythema;Erythema induratum;Erythema
 multiforme;Erythema nodosum;Evans syndrome;Exanthema subitum;Expanded disability
 status scale score decreased;Expanded disability status scale score increased;Exposure to
 communicable disease;Exposure to SARS-CoV-2;Eye oedema;Eye pruritus;Eye
 swelling;Eyelid oedema;Face oedema;Facial paralysis;Facial paresis;Faciobrachial dystonic
 seizure;Fat embolism;Febrile convulsion;Febrile infection-related epilepsy syndrome;Febrile
 neutropenia;Felty's syndrome;Femoral artery embolism;Fibrillary
 glomerulonephritis;Fibromyalgia;Flushing;Foaming at mouth;Focal cortical resection;Focal
 dyscognitive seizures;Foetal distress syndrome;Foetal placental thrombosis;Foetor
 hepaticus;Foreign body embolism;Frontal lobe epilepsy;Fulminant type 1 diabetes
 mellitus;Galactose elimination capacity test abnormal;Galactose elimination capacity test
 decreased;Gamma-glutamyltransferase abnormal;Gamma-glutamyltransferase
 increased;Gastritis herpes;Gastrointestinal amyloidosis;Gelastic seizure;Generalised onset
 non-motor seizure;Generalised tonic-clonic seizure;Genital herpes;Genital herpes
 simplex;Genital herpes zoster;Giant cell arteritis;Glomerulonephritis;Glomerulonephritis
 membranoproliferative;Glomerulonephritis membranous;Glomerulonephritis rapidly
 progressive;Glossopharyngeal nerve paralysis;Glucose transporter type 1 deficiency
 syndrome;Glutamate dehydrogenase increased;Glycocholic acid increased;GM2
 gangliosidosis;Goodpasture's syndrome;Graft
 thrombosis;Granulocytopenia;Granulocytopenia neonatal;Granulomatosis with
 polyangiitis;Granulomatous dermatitis;Grey matter heterotopia;Guanase increased;Guillain-
 Barre syndrome;Haemolytic anaemia;Haemophagocytic
 lymphohistiocytosis;Haemorrhage;Haemorrhagic ascites;Haemorrhagic
 disorder;Haemorrhagic pneumonia;Haemorrhagic varicella syndrome;Haemorrhagic
 vasculitis;Hantavirus pulmonary infection;Hashimoto's
 encephalopathy;Hashitoxicosis;Hemimegalencephaly;Henoch-Schonlein purpura;Henoch-
 Schonlein purpura nephritis;Hepaplastin abnormal;Hepaplastin decreased;Heparin-induced
 thrombocytopenia;Hepatic amyloidosis;Hepatic artery embolism;Hepatic artery flow
 decreased;Hepatic artery thrombosis;Hepatic enzyme abnormal;Hepatic enzyme
 decreased;Hepatic enzyme increased;Hepatic fibrosis marker abnormal;Hepatic fibrosis
 marker increased;Hepatic function abnormal;Hepatic hydrothorax;Hepatic
 hypertrophy;Hepatic hypoperfusion;Hepatic lymphocytic infiltration;Hepatic mass;Hepatic
 pain;Hepatic sequestration;Hepatic vascular resistance increased;Hepatic vascular
 thrombosis;Hepatic vein embolism;Hepatic vein thrombosis;Hepatic venous pressure
 gradient abnormal;Hepatic venous pressure gradient increased;Hepatitis;Hepatobiliary scan
 abnormal;Hepatomegaly;Hepatosplenomegaly;Hereditary angioedema with C1 esterase
 inhibitor deficiency;Herpes dermatitis;Herpes gestationis;Herpes oesophagitis;Herpes
 ophthalmic;Herpes pharyngitis;Herpes sepsis;Herpes simplex;Herpes simplex
 cervicitis;Herpes simplex colitis;Herpes simplex encephalitis;Herpes simplex gastritis;Herpes
 simplex hepatitis;Herpes simplex meningitis;Herpes simplex meningoencephalitis;Herpes
 simplex meningomyelitis;Herpes simplex necrotising retinopathy;Herpes simplex
 oesophagitis;Herpes simplex otitis externa;Herpes simplex pharyngitis;Herpes simplex
 pneumonia;Herpes simplex reactivation;Herpes simplex sepsis;Herpes simplex
 viraemia;Herpes simplex virus conjunctivitis neonatal;Herpes simplex visceral;Herpes virus

infection;Herpes zoster;Herpes zoster cutaneous disseminated;Herpes zoster infection neurological;Herpes zoster meningitis;Herpes zoster meningoencephalitis;Herpes zoster meningomyelitis;Herpes zoster meningoradiculitis;Herpes zoster necrotising retinopathy;Herpes zoster oticus;Herpes zoster pharyngitis;Herpes zoster reactivation;Herpetic radiculopathy;Histone antibody positive;Hoigne's syndrome;Human herpesvirus 6 encephalitis;Human herpesvirus 6 infection;Human herpesvirus 6 infection reactivation;Human herpesvirus 7 infection;Human herpesvirus 8 infection;Hyperammonaemia;Hyperbilirubinaemia;Hypercholia;Hypergammaglobulinaemia benign monoclonal;Hyperglycaemic seizure;Hypersensitivity;Hypersensitivity vasculitis;Hyperthyroidism;Hypertransaminaemia;Hyperventilation;Hypoalbuminaemia;Hypocalcaemic seizure;Hypogammaglobulinaemia;Hypoglossal nerve paralysis;Hypoglossal nerve paresis;Hypoglycaemic seizure;Hyponatraemic seizure;Hypotension;Hypotensive crisis;Hypothenar hammer syndrome;Hypothyroidism;Hypoxia;Idiopathic CD4 lymphocytopenia;Idiopathic generalised epilepsy;Idiopathic interstitial pneumonia;Idiopathic neutropenia;Idiopathic pulmonary fibrosis;IgA nephropathy;IgM nephropathy;IIIrd nerve paralysis;IIIrd nerve paresis;Iliac artery embolism;Immune thrombocytopenia;Immune-mediated adverse reaction;Immune-mediated cholangitis;Immune-mediated cholestasis;Immune-mediated cytopenia;Immune-mediated encephalitis;Immune-mediated encephalopathy;Immune-mediated endocrinopathy;Immune-mediated enterocolitis;Immune-mediated gastritis;Immune-mediated hepatic disorder;Immune-mediated hepatitis;Immune-mediated hyperthyroidism;Immune-mediated hypothyroidism;Immune-mediated myocarditis;Immune-mediated myositis;Immune-mediated nephritis;Immune-mediated neuropathy;Immune-mediated pancreatitis;Immune-mediated pneumonitis;Immune-mediated renal disorder;Immune-mediated thyroiditis;Immune-mediated uveitis;Immunoglobulin G4 related disease;Immunoglobulins abnormal;Implant site thrombosis;Inclusion body myositis;Infantile genetic agranulocytosis;Infantile spasms;Infected vasculitis;Infective thrombosis;Inflammation;Inflammatory bowel disease;Infusion site thrombosis;Infusion site vasculitis;Injection site thrombosis;Injection site urticaria;Injection site vasculitis;Instillation site thrombosis;Insulin autoimmune syndrome;Interstitial granulomatous dermatitis;Interstitial lung disease;Intracardiac mass;Intracardiac thrombus;Intracranial pressure increased;Intrapericardial thrombosis;Intrinsic factor antibody abnormal;Intrinsic factor antibody positive;IPEX syndrome;Irregular breathing;IRVAN syndrome;IVth nerve paralysis;IVth nerve paresis;JC polyomavirus test positive;JC virus CSF test positive;Jeavons syndrome;Jugular vein embolism;Jugular vein thrombosis;Juvenile idiopathic arthritis;Juvenile myoclonic epilepsy;Juvenile polymyositis;Juvenile psoriatic arthritis;Juvenile spondyloarthritis;Kaposi sarcoma inflammatory cytokine syndrome;Kawasaki's disease;Kayser-Fleischer ring;Keratoderma blenorrhagica;Ketosis-prone diabetes mellitus;Kounis syndrome;Lafora's myoclonic epilepsy;Lambli's excrescences;Laryngeal dyspnoea;Laryngeal oedema;Laryngeal rheumatoid arthritis;Laryngospasm;Laryngotracheal oedema;Latent autoimmune diabetes in adults;LE cells present;Lemierre syndrome;Lennox-Gastaut syndrome;Leucine aminopeptidase increased;Leukoencephalomyelitis;Leukoencephalopathy;Leukopenia;Leukopenia neonatal;Lewis-Sumner syndrome;Lhermitte's sign;Lichen planopilaris;Lichen planus;Lichen sclerosus;Limbic encephalitis;Linear IgA disease;Lip oedema;Lip swelling;Liver function test abnormal;Liver function test decreased;Liver function test increased;Liver induration;Liver injury;Liver iron concentration abnormal;Liver iron concentration

increased;Liver opacity;Liver palpable;Liver sarcoidosis;Liver scan abnormal;Liver tenderness;Low birth weight baby;Lower respiratory tract herpes infection;Lower respiratory tract infection;Lower respiratory tract infection viral;Lung abscess;Lupoid hepatic cirrhosis;Lupus cystitis;Lupus encephalitis;Lupus endocarditis;Lupus enteritis;Lupus hepatitis;Lupus myocarditis;Lupus myositis;Lupus nephritis;Lupus pancreatitis;Lupus pleurisy;Lupus pneumonitis;Lupus vasculitis;Lupus-like syndrome;Lymphocytic hypophysitis;Lymphocytopenia neonatal;Lymphopenia;MAGIC syndrome;Magnetic resonance imaging liver abnormal;Magnetic resonance proton density fat fraction measurement;Mahler sign;Manufacturing laboratory analytical testing issue;Manufacturing materials issue;Manufacturing production issue;Marburg's variant multiple sclerosis;Marchiafava-Bignami disease;Marine Lenhart syndrome;Mastocytic enterocolitis;Maternal exposure during pregnancy;Medical device site thrombosis;Medical device site vasculitis;MELAS syndrome;Meningitis;Meningitis aseptic;Meningitis herpes;Meningoencephalitis herpes simplex neonatal;Meningoencephalitis herpetic;Meningomyelitis herpes;MERS-CoV test;MERS-CoV test negative;MERS-CoV test positive;Mesangioproliferative glomerulonephritis;Mesenteric artery embolism;Mesenteric artery thrombosis;Mesenteric vein thrombosis;Metapneumovirus infection;Metastatic cutaneous Crohn's disease;Metastatic pulmonary embolism;Microangiopathy;Microembolism;Microscopic polyangiitis;Middle East respiratory syndrome;Migraine-triggered seizure;Miliary pneumonia;Miller Fisher syndrome;Mitochondrial aspartate aminotransferase increased;Mixed connective tissue disease;Model for end stage liver disease score abnormal;Model for end stage liver disease score increased;Molar ratio of total branched-chain amino acid to tyrosine;Molybdenum cofactor deficiency;Monocytopenia;Mononeuritis;Mononeuropathy multiplex;Morphoea;Morvan syndrome;Mouth swelling;Moyamoya disease;Multifocal motor neuropathy;Multiple organ dysfunction syndrome;Multiple sclerosis;Multiple sclerosis relapse;Multiple sclerosis relapse prophylaxis;Multiple subpial transection;Multisystem inflammatory syndrome in children;Muscular sarcoidosis;Myasthenia gravis;Myasthenia gravis crisis;Myasthenia gravis neonatal;Myasthenic syndrome;Myelitis;Myelitis transverse;Myocardial infarction;Myocarditis;Myocarditis post infection;Myoclonic epilepsy;Myoclonic epilepsy and ragged-red fibres;Myokymia;Myositis;Narcolepsy;Nasal herpes;Nasal obstruction;Necrotising herpetic retinopathy;Neonatal Crohn's disease;Neonatal epileptic seizure;Neonatal lupus erythematosus;Neonatal mucocutaneous herpes simplex;Neonatal pneumonia;Neonatal seizure;Nephritis;Nephrogenic systemic fibrosis;Neuralgic amyotrophy;Neuritis;Neuritis cranial;Neuromyelitis optica pseudo relapse;Neuromyelitis optica spectrum disorder;Neuromyotonia;Neuronal neuropathy;Neuropathy peripheral;Neuropathy, ataxia, retinitis pigmentosa syndrome;Neuropsychiatric lupus;Neurosarcoidosis;Neutropenia;Neutropenia neonatal;Neutropenic colitis;Neutropenic infection;Neutropenic sepsis;Nodular rash;Nodular vasculitis;Noninfectious myelitis;Noninfective encephalitis;Noninfective encephalomyelitis;Noninfective oophoritis;Obstetrical pulmonary embolism;Occupational exposure to communicable disease;Occupational exposure to SARS-CoV-2;Ocular hyperaemia;Ocular myasthenia;Ocular pemphigoid;Ocular sarcoidosis;Ocular vasculitis;Oculofacial paralysis;Oedema;Oedema blister;Oedema due to hepatic disease;Oedema mouth;Oesophageal achalasia;Ophthalmic artery thrombosis;Ophthalmic herpes simplex;Ophthalmic herpes zoster;Ophthalmic vein thrombosis;Optic neuritis;Optic

neuropathy; Optic perineuritis; Oral herpes; Oral lichen planus; Oropharyngeal oedema; Oropharyngeal spasm; Oropharyngeal swelling; Osmotic demyelination syndrome; Ovarian vein thrombosis; Overlap syndrome; Paediatric autoimmune neuropsychiatric disorders associated with streptococcal infection; Paget-Schroetter syndrome; Palindromic rheumatism; Palisaded neutrophilic granulomatous dermatitis; Palmoplantar keratoderma; Palpable purpura; Pancreatitis; Panencephalitis; Papillophlebitis; Paracancerous pneumonia; Paradoxical embolism; Parainfluenzae viral laryngotracheobronchitis; Paraneoplastic dermatomyositis; Paraneoplastic pemphigus; Paraneoplastic thrombosis; Paresis cranial nerve; Parietal cell antibody positive; Paroxysmal nocturnal haemoglobinuria; Partial seizures; Partial seizures with secondary generalisation; Patient isolation; Pelvic venous thrombosis; Pemphigoid; Pemphigus; Penile vein thrombosis; Pericarditis; Pericarditis lupus; Perihepatic discomfort; Periorbital oedema; Periorbital swelling; Peripheral artery thrombosis; Peripheral embolism; Peripheral ischaemia; Peripheral vein thrombus extension; Periportal oedema; Peritoneal fluid protein abnormal; Peritoneal fluid protein decreased; Peritoneal fluid protein increased; Peritonitis lupus; Pernicious anaemia; Petit mal epilepsy; Pharyngeal oedema; Pharyngeal swelling; Pityriasis lichenoides et varioliformis acuta; Placenta praevia; Pleuroparenchymal fibroelastosis; Pneumobilia; Pneumonia; Pneumonia adenoviral; Pneumonia cytomegaloviral; Pneumonia herpes viral; Pneumonia influenzal; Pneumonia measles; Pneumonia mycoplasmal; Pneumonia necrotising; Pneumonia parainfluenzae viral; Pneumonia respiratory syncytial viral; Pneumonia viral; POEMS syndrome; Polyarteritis nodosa; Polyarthritis; Polychondritis; Polyglandular autoimmune syndrome type I; Polyglandular autoimmune syndrome type II; Polyglandular autoimmune syndrome type III; Polyglandular disorder; Polymicrogyria; Polymyalgia rheumatica; Polymyositis; Polyneuropathy; Polyneuropathy idiopathic progressive; Portal pyaemia; Portal vein embolism; Portal vein flow decreased; Portal vein pressure increased; Portal vein thrombosis; Portosplenomesenteric venous thrombosis; Post procedural hypotension; Post procedural pneumonia; Post procedural pulmonary embolism; Post stroke epilepsy; Post stroke seizure; Post thrombotic retinopathy; Post thrombotic syndrome; Post viral fatigue syndrome; Postictal headache; Postictal paralysis; Postictal psychosis; Postictal state; Postoperative respiratory distress; Postoperative respiratory failure; Postoperative thrombosis; Postpartum thrombosis; Postpartum venous thrombosis; Postpericardiotomy syndrome; Post-traumatic epilepsy; Postural orthostatic tachycardia syndrome; Precerebral artery thrombosis; Pre-eclampsia; Preictal state; Premature labour; Premature menopause; Primary amyloidosis; Primary biliary cholangitis; Primary progressive multiple sclerosis; Procedural shock; Proctitis herpes; Proctitis ulcerative; Product availability issue; Product distribution issue; Product supply issue; Progressive facial hemiatrophy; Progressive multifocal leukoencephalopathy; Progressive multiple sclerosis; Progressive relapsing multiple sclerosis; Prosthetic cardiac valve thrombosis; Pruritus; Pruritus allergic; Pseudovasculitis; Psoriasis; Psoriatic arthropathy; Pulmonary amyloidosis; Pulmonary artery thrombosis; Pulmonary embolism; Pulmonary fibrosis; Pulmonary haemorrhage; Pulmonary microemboli; Pulmonary oil microembolism; Pulmonary renal syndrome; Pulmonary sarcoidosis; Pulmonary sepsis; Pulmonary thrombosis; Pulmonary tumour thrombotic microangiopathy; Pulmonary vasculitis; Pulmonary veno-occlusive disease; Pulmonary venous thrombosis; Pyoderma gangrenosum; Pyostomatitis vegetans; Pyrexia; Quarantine; Radiation leukopenia; Radiculitis

brachial;Radiologically isolated syndrome;Rash;Rash erythematous;Rash pruritic;Rasmussen encephalitis;Raynaud's phenomenon;Reactive capillary endothelial proliferation;Relapsing multiple sclerosis;Relapsing-remitting multiple sclerosis;Renal amyloidosis;Renal arteritis;Renal artery thrombosis;Renal embolism;Renal failure;Renal vascular thrombosis;Renal vasculitis;Renal vein embolism;Renal vein thrombosis;Respiratory arrest;Respiratory disorder;Respiratory distress;Respiratory failure;Respiratory paralysis;Respiratory syncytial virus bronchiolitis;Respiratory syncytial virus bronchitis;Retinal artery embolism;Retinal artery occlusion;Retinal artery thrombosis;Retinal vascular thrombosis;Retinal vasculitis;Retinal vein occlusion;Retinal vein thrombosis;Retinol binding protein decreased;Retinopathy;Retrograde portal vein flow;Retroperitoneal fibrosis;Reversible airways obstruction;Reynold's syndrome;Rheumatic brain disease;Rheumatic disorder;Rheumatoid arthritis;Rheumatoid factor increased;Rheumatoid factor positive;Rheumatoid factor quantitative increased;Rheumatoid lung;Rheumatoid neutrophilic dermatosis;Rheumatoid nodule;Rheumatoid nodule removal;Rheumatoid scleritis;Rheumatoid vasculitis;Saccadic eye movement;SAPHO syndrome;Sarcoidosis;SARS-CoV-1 test;SARS-CoV-1 test negative;SARS-CoV-1 test positive;SARS-CoV-2 antibody test;SARS-CoV-2 antibody test negative;SARS-CoV-2 antibody test positive;SARS-CoV-2 carrier;SARS-CoV-2 sepsis;SARS-CoV-2 test;SARS-CoV-2 test false negative;SARS-CoV-2 test false positive;SARS-CoV-2 test negative;SARS-CoV-2 test positive;SARS-CoV-2 viraemia;Satoyoshi syndrome;Schizencephaly;Scleritis;Sclerodactylia;Scleroderma;Scleroderma associated digital ulcer;Scleroderma renal crisis;Scleroderma-like reaction;Secondary amyloidosis;Secondary cerebellar degeneration;Secondary progressive multiple sclerosis;Segmented hyalinising vasculitis;Seizure;Seizure anoxic;Seizure cluster;Seizure like phenomena;Seizure prophylaxis;Sensation of foreign body;Septic embolus;Septic pulmonary embolism;Severe acute respiratory syndrome;Severe myoclonic epilepsy of infancy;Shock;Shock symptom;Shrinking lung syndrome;Shunt thrombosis;Silent thyroiditis;Simple partial seizures;Sjogren's syndrome;Skin swelling;SLE arthritis;Smooth muscle antibody positive;Sneezing;Spinal artery embolism;Spinal artery thrombosis;Splenic artery thrombosis;Splenic embolism;Splenic thrombosis;Splenic vein thrombosis;Spondylitis;Spondyloarthropathy;Spontaneous heparin-induced thrombocytopenia syndrome;Status epilepticus;Stevens-Johnson syndrome;Stiff leg syndrome;Stiff person syndrome;Stillbirth;Still's disease;Stoma site thrombosis;Stoma site vasculitis;Stress cardiomyopathy;Stridor;Subacute cutaneous lupus erythematosus;Subacute endocarditis;Subacute inflammatory demyelinating polyneuropathy;Subclavian artery embolism;Subclavian artery thrombosis;Subclavian vein thrombosis;Sudden unexplained death in epilepsy;Superior sagittal sinus thrombosis;Susac's syndrome;Suspected COVID-19;Swelling;Swelling face;Swelling of eyelid;Swollen tongue;Sympathetic ophthalmia;Systemic lupus erythematosus;Systemic lupus erythematosus disease activity index abnormal;Systemic lupus erythematosus disease activity index decreased;Systemic lupus erythematosus disease activity index increased;Systemic lupus erythematosus rash;Systemic scleroderma;Systemic sclerosis pulmonary;Tachycardia;Tachypnoea;Takayasu's arteritis;Temporal lobe epilepsy;Terminal ileitis;Testicular autoimmunity;Throat tightness;Thromboangiitis obliterans;Thrombocytopenia;Thrombocytopenic purpura;Thrombophlebitis;Thrombophlebitis migrans;Thrombophlebitis

neonatal;Thrombophlebitis septic;Thrombophlebitis superficial;Thromboplastin antibody positive;Thrombosis;Thrombosis corpora cavernosa;Thrombosis in device;Thrombosis mesenteric vessel;Thrombotic cerebral infarction;Thrombotic microangiopathy;Thrombotic stroke;Thrombotic thrombocytopenic purpura;Thyroid disorder;Thyroid stimulating immunoglobulin increased;Thyroiditis;Tongue amyloidosis;Tongue biting;Tongue oedema;Tonic clonic movements;Tonic convulsion;Tonic posturing;Topectomy;Total bile acids increased;Toxic epidermal necrolysis;Toxic leukoencephalopathy;Toxic oil syndrome;Tracheal obstruction;Tracheal oedema;Tracheobronchitis;Tracheobronchitis mycoplasmal;Tracheobronchitis viral;Transaminases abnormal;Transaminases increased;Transfusion-related alloimmune neutropenia;Transient epileptic amnesia;Transverse sinus thrombosis;Trigeminal nerve paresis;Trigeminal neuralgia;Trigeminal palsy;Truncus coeliacus thrombosis;Tuberous sclerosis complex;Tubulointerstitial nephritis and uveitis syndrome;Tumefactive multiple sclerosis;Tumour embolism;Tumour thrombosis;Type 1 diabetes mellitus;Type I hypersensitivity;Type III immune complex mediated reaction;Uhthoff's phenomenon;Ulcerative keratitis;Ultrasound liver abnormal;Umbilical cord thrombosis;Uncinate fits;Undifferentiated connective tissue disease;Upper airway obstruction;Urine bilirubin increased;Urobilinogen urine decreased;Urobilinogen urine increased;Urticaria;Urticaria papular;Urticarial vasculitis;Uterine rupture;Uveitis;Vaccination site thrombosis;Vaccination site vasculitis;Vagus nerve paralysis;Varicella;Varicella keratitis;Varicella post vaccine;Varicella zoster gastritis;Varicella zoster oesophagitis;Varicella zoster pneumonia;Varicella zoster sepsis;Varicella zoster virus infection;Vasa praevia;Vascular graft thrombosis;Vascular pseudoaneurysm thrombosis;Vascular purpura;Vascular stent thrombosis;Vasculitic rash;Vasculitic ulcer;Vasculitis;Vasculitis gastrointestinal;Vasculitis necrotising;Vena cava embolism;Vena cava thrombosis;Venous intravasation;Venous recanalisation;Venous thrombosis;Venous thrombosis in pregnancy;Venous thrombosis limb;Venous thrombosis neonatal;Vertebral artery thrombosis;Vessel puncture site thrombosis;Visceral venous thrombosis;VIth nerve paralysis;VIth nerve paresis;Vitiligo;Vocal cord paralysis;Vocal cord paresis;Vogt-Koyanagi-Harada disease;Warm type haemolytic anaemia;Wheezing;White nipple sign;XIth nerve paralysis;X-ray hepatobiliary abnormal;Young's syndrome;Zika virus associated Guillain Barre syndrome.
