## SHERIFF RICHARD MACK

# *We the People of Big Bear*

In 1994 Sheriff Mack took a courageous stand to defend the Constitution of the United States and the autonomy of Sheriffs against the Clinton Administration. His lawsuit and subsequent victory at the Supreme Court proved once and for all that the Sheriff is INDEED the ULTIMATE LAW ENFORCEMENT AUTHORITY IN THIS COUNTRY.

He is not a bureaucrat, and he does not answer to one.

He answers to his boss, the people, as he knows the Sheriff is the employee of the people and exists to serve and protect them in all matters.

His book, County Sheriff AMERICA'S LAST HOPE, should be read by all people, police officers and ESPECIALLY each Sheriff of these United State of America.

May we become united in our service to our family, friends, neighbors, and the American people. To be dedicated in the preservation of those PRECIOUS FREEDOMS that so many have fought and died for.

Please join Sheriff Mack to uphold and defend the Constitution of the United States and our State Constitution as it should be our primary duty and our sworn responsibility. Until you know his work is when you will understand his passion for this great country and its people.

We desire to educate the community/communities so that we can take back our LIBERTIES for a better tomorrow, especially our children but for all of us and all of Humanity.....it starts with YOU!

We the People know the journey is a long one. Regardless, it starts with "one person with passion" who cares enough to make a difference. A journey of 1000 miles begins with a single step.

We the People ask that you at least take the time to read what we have provided and what we have been advocating since the beginning of this Pandemic. It was then that most of us realized the simple fact that many did not know what our God given protected RIGHTS even meant.

## EDUCATION EQUALS FREEDOM

We cannot force someone to HEAR A MESSAGE they are not ready to receive BUT we MUST NEVER UNDERESTIMATE THE POWER OF PLANTING A SEED.

We the People Thank you all for your Service and Thank you for your OATH TO PROTECT!

Sincerely,  
We the People

REF: Educational Material  
Notice to Agents is Notice to Authority

To Whom It May Concern:

2 Corinthians 3:18

“And we all, with unveiled face, beholding the glory of the Lord are being transformed in the same image from one degree of glory to another. For this comes from the Lord who is the Spirit”

This letter is to provide recipient with information in a sincere effort to distribute materials that is to educate in regards to making choices as an individual American but more importantly to educate persons in serve of a position or an office. It is of the **utmost urgency** for those in office to remember they took an **Oath to protect our God given rights!**

**In doing my part to Educate and STOP Crimes Against Humanity.....**  
**The system tried scaring you! Then the system tried bribing you! Then the system tried**  
**guilting you! Then the system tried shaming you! The the system tried blaming you!**  
**Now the system is going to try firing you all because they CARE FOR YOU?**

One thing that has become **apparent and shameful** is that persons with positions within our community have **very little to no knowledge** what that Oath means. It has become more apparent that the education regarding the power of our rights given to us by God and protected under the U.S. Constitution should be referred to **grossly negligent**. It can only be surmised through **observation** that it was “**only**” another piece of paper for employment, required for compensation.

This above statement will fall on the laps of those who are either honest and caring or deceptive and arrogant.

**To those** who can be true to themselves which makes you true to others. Upholding their Oath of office, dedication and education is the only way.

To those who do not “care” to honor their Oath of office, step down before we ask you too!

The document being referred to:

**STD, 689 (REV. 10-97) STATE OF CALIFORNIA, OATH OF ALLEGIANCE AND  
DECLARATION OF PERMISSION TO WORK FOR PERSONS EMPLOYED BY THE  
STATE OF CALIFORNIA** (This document is apart of the personnel file with signature) and

is provided herein applies to every public officer or employee included every officer and employee of the State. Including the University of California, every county, every city and county, district and authority, including any department, division, bureau board, commission, agency, or instrumentality of any of the foregoing. California Constitution – See 3 amended Nov. 4, 1952, by Prop. 6. Res. Ch.69, 1951

I, \_\_\_\_\_ do solemnly swear (or affirm) that I will support and defend the Constitution of the United States and the Constitution of the State of California against all enemies, foreign and domestic, that I will bear true faith and allegiance to the Constitution of the United States and the Constitution of California; that I take this obligation freely, without any mental reservation or purpose to evasion; and that I will well and faithfully discharge the duties upon which I am about to enter.

Penalites (Government Code) “3108, Every person who, while taking and subscribing to the oath or affirmation required by this chapter, states as true any material matter which he knows to be false, is guilty of perjury, and is punishable by imprisonment in the state prison not less than one nor more than 14 years”.

This educational material is representation of material matter. Each person taking this Oath has now been informed. The knowledge of what is really transpiring is becoming more intense by the day.

**Do you really believe you have been told the truth?  
Do you trust the system?**

Again, the system tried scaring you, bribing you, guiltling you, shaming you, blaming you and you don't think they could be lying to you?

The CDC recalling the “swabs” that have gone up noses to their brain barrier of the loving, trusting; individuals have been proven to give either false positives or false negatives. **FACT!**

There is no test to properly validate Covid as the tests pick up other viruses and bacteria. **FACT!**

The swabs that are laced with Ethylene Oxide as stated on the package noted as EO. Definition of Ethylene Oxide: [www.cancer.gov](http://www.cancer.gov). What is Ethylene Oxide? It is primarily to produce other chemical, including antifreeze. In smaller amounts, ethylene oxide is used as a pesticide and a sterilizing agent. It also has the ability to damage DNA make it an effective sterilizing agent but also accounts for its cancer causing activity. Graphene Oxide note as GO has be found in the masks acknowledged by national heath authorities. **FACT!**

The vaccine/injection so called “trade secret” not listed as an ingredient is graphene oxide. This is toxic to humans, which also is giving rise to magnetic effects. This, GO, toxic substance is found in viles of COVID-19 mRNA. This graphene oxide triggers thrombi and blood coagulation (clots). It also impacts the immune system while it accumulates in the lungs with devastating impact. Nano particles **FACT!**

The life expectancy for those with vaccines is \_\_\_\_\_years! **You do the research, what you will find is shocking and sickening!**

The Supreme Court decision in 2013 Pathology vs Myrida Genetics, Inc. – The United State Supreme Court ruled that you cannot patent human DNA as it is ‘a product of nature’. However,

at the end of the ruling, the Supreme Court wrote that if you were to change a human's genome by mRNA vaccines (being currently used) then the altered genome CAN BE patented. Making you trans-human, owned and tracked! Does the Mark of the Beast come to mind? It should! This is more sinister than most could imagine. **FACT!**

**Do you think they care about you?**

When attending the Bear Valley School Board meeting it was very disturbing to witness the parents who were there to speak for the voiceless children who have succumb to unlawful, illegal mandates that suffocates our children by reducing their oxygen level.

The parents were **united** in requesting that the Board vote to remove this unlawful, illegal mask. Many parents and community persons spoke, in a sincere, respectful attempt to voice various stories and concerns. It didn't take long, as it was more than obvious, that the Board members had already made up their minds. The results of the efforts of "We The People" fell on deaf ears..

The opinion of the Bear Valley School Board is just that an "opinion". The County of San Bernardino County is all about GUIDANCE! The San Bernardino Health knows the importance of words. Yes, GUIDANCE and the definition of GUIDANCE is what?

*From the website of San Bernardino County/ Covid-19 Response and I quote*

The County made the **recommendation** after reviewing **guidance** released on April 1<sup>st</sup> for the state Department of Public Health.

**Define recommendation:** (a) is the act of recommendation (b) whose advice is not the last word (c) views expressed.

**Define guidance:** (a) the act of process or guiding (b) advice of counseling (c) supervised care

There is no one that has the power or authority over any person to tell them to wear a mask or take a vaccine! **FACT!**

There is no authority of a Health Officer or Department to circumvent due process. No Health Officer or Department can make a law. No Governor can make a law. Where there is no law there is no authority. There is no law that requires you to wear a mask. Due Process protects individuals for state legislation that infringed upon their "privileges and immunities". Due process has been interpreted to include raising one's children as a parent. **FACT!**

The Governor has failed to provide adequate testing to confirm or deny the presence or absence of a "Novel Corona Virus". No effort has been made by the Governor or Regional health authorities to overturn the established science published in the prestigious Journal of American Medical Association that facemasks should not be worn by healthy individuals or the confinement of healthy individuals has neither been tested nor validated with any science whatsoever. **FACT!**

In the study, researchers asked the parents of forty-five kids between the ages of six and seventeen to wear face mask for a very short period of time in a controlled environment. Within just three minutes, they found the kids inhaling carbon dioxide up to more than six times the acceptable limit for adults. The results were that younger the children; had the higher concentration of carbon dioxide. **FACT!**

Example: Almost immediately after putting a mask on a seven year old, this young person's carbon dioxide level was 25,000 parts per million. How much is that? Well, it's more than twice the level considered hazardous for adults in a workplace in the country. **FACT!**

As an example, the Minnesota Department of Health post this guideline. "The average concentration of carbon dioxide over an eight hour period should not exceed 10,000 parts per million." **FACT!**

This kid had 25,000 parts per million. Keep in mind, the guidance is for an eight hour period. Imagine a full day of school, how about a full year of a full school day? The effects included Hypercapnia, which is excessive CO2 in the bloodstream. Hypoxia, when body tissue does not get enough oxygen, inability to concentrate, psychological programming, destruction of the passive immune system its abuse! Plain and simple! **FACT!**

No effort has been made by the Governor of California or regional authorities to overturn the established science published in JAMA, (the prestigious and highly regarded, go to, Journal of American Medical Association) that facemasks should not be worn by healthy individuals and that social distancing that involves the confinement of healthy individuals has neither been tested nor validated with ANY science whatsoever. **FACT!**

Again, Does one read? Do any of our hired officials or elected officials take the time to "define" what is written in the English language, such as English definition of words?

*From the website of San Bernardino County/ Covid-19 Response and I quote*

The County made the **recommendation** after reviewing **guidance** released on April 1<sup>st</sup> for the state Department of Public Health.

**Define recommendation:** (a) is the act of recommendation (b) whose advise is not the last word (c) views expressed.

**Define guidance:** (a) the act of process or guiding (b) advice of counseling (c) supervised care. My point is that neither one of these words that is on the San Bernardino County / Covid-19 response website is telling our hired officials or elected officials to do anything! **FACT!** (The County seems to be very careful with their word. Because they know what words mean!)

Our ignorance of the words and our English language is no excuse! We were taught not to question authority! Thomas Jefferson, one of our founders said, "Question everything, it's the only way to the Truth!

I bring this up as the county's administrations are acutely aware that there is "NO Law". Therefore the words of recommendation and guidance give the public the opportunity to make their own determination on how best to handle their personal choice. This verbiage had to be approved by their legal department as to not expose the County into misleading the public into potential lawsuits. **FACT!**

So I ask why is our School Board and our other officials feel they have the right to make policy that goes against the freedom of choice our GOD GIVEN RIGHTS for our community?

Follow the money! U.S. Department of Education announced a grant program that provides funding for school districts in Florida and elsewhere that lose money for issuing "anti-corona virus practices" such as masks.

We are not going away! We are just getting started! The Freedom of Information Act (FOIA) It is the law that keeps citizens in the know about their government.

It is sadly apparent that those that were voted into office or those were hired to do a job for "We the People" are remiss in the duties to uphold their Oath of Allegiance to the Constitution of the United State and the Constitution of the State of California in this case.

For any persons elected and employed by the State of California it is clear you are bound by the Oath to protect "We the People". This is not to be taken lightly! Not being properly educated on your Oath and the seriousness of your Oath is negligent and comes with accountability and personal liability. **FACT!**

**Section 98: states in part that when they violate their constitutional oath and thus, independently forfeit their office and authority and their proclamations may be disregarded with impunity and that means ANYONE; even the government and President. (Any violation of rights towards we the people, when violated by any public officer open themselves, individually to be sued for those violations without protection)**

There are hundreds of thousands of lawsuits taking place across our country and the world. **FACT!**

We the People in this community are looking for Leaders – Leaders that will study and work to seek truth. Leaders that will not sit and have someone hand them information or statistics that have not been properly verified, validated or challenged by them Its only takes **EFFORT, INITIVATE AND GUTS** to search for information that **MAY** go against the establishment and the status quo . The status quo is not okay!

Bad leadership as well as bad information rolls down hill as it all starts at the top! Just because you received it from the "so called" authority does not mean it is **CORRECT OR TRUTHFUL**. **Have you done your own research?**

**I repeat - According to our God given rights protected by the U.S. Constitution it is unlawful and illegal mandates, force, require, order, compel, coerce, and intimidate, to comply to anything against our God given rights!**

**The California's or ANY STATE laws can not be in conflict with the Supreme laws of land, which is the U.S. Constitution.**

**When the "We the People" speak the persons that represent the people are the ones that must comply with the people's voice. If any of these individuals violate the rights of the people/students, they forfeit their authority.**

**Law – The California Health Department states that some people are exempt from wearing a mask because it makes it too hard for them to breathe. That means they don't have to wear one. Some people also do not have to wear a mask because it goes against their religious beliefs, and they don't wear one. These laws are from the U.S. Title II and Title III of the Civil Right Act of 1964 that protects people from discrimination. Fines go along with these violations. **FACT!****

**Law** – By requiring masks, you are guilty of practicing medicine without a license, which is a violation of CA Penal Code sub section 2052, if you tell someone they have to wear a mask, which is defined by the FDA as a Class II Medical device. **FACT!**

**Law** – You cannot discriminate against or harass any individual. Even if you wear a mask, and even if you want a student to wear a mask, and even if you think it's a good idea for a student to wear a mask, the law states that you cannot refuse to serve each student without a mask. This law is called California Civil Code 51 and it requires you to serve each student without discrimination, and you must do so in the same and equal manner. **FACT!**

We the People would like the protocol of the meetings to be change so that if anyone needs to speak again or ask questions that they have the opportunity to do so and reproach the podium.

**Now we are dealing with the announcement of unlawful, illegal mandates of vaccines.** The education is under way and what I have compiled to date is mind bending! **Do your own research!**

**Do Not Be Deceived:** Mandatory – Not a Law, Required – Not a Law, Mandated – Not a Law, Requested – Not a Law, Ordered – Not a Law, Ordinance – Not a Law, Decree – Not a Law, Compulsory – Not a Law, Forced – Not a Law.

**Just tested positive for Sovereignty!** Symptoms include: Critical Thinking, Body Autonomy, Speaking your Truth, The Gift of Discernment, Standing up Against Tyranny, and Advocating for your Children, and Socially Distancing from the System. Awareness is an absolute!

My intent is to serve and hope that something herein will cause you to pause for a moment and think! We all need each other! For those who are willing to honor their Oath of Office and really understand what that entails.....we welcome you!

Rest assured more **EDUCATION** is coming!

God Speed!

Respectfully,

Good Day –

This package of Educational Material is being provided you, as a respected leader, of our community.

My hope is that you will find this information insightful and worthy. As a leader of your congregation, your ability to intertwine the foundation of this country with the established "Gods given rights" protected by our U.S. Constitution would be a blessing to many as the foundation of our country was built with the fabric of good, honest, loving, trusting, hard working people "We the People". Our forefathers love for God and country provided the pillars that made this country strong.

One of the greatest gifts that could be given to this community's future would be providing the history of our great country's foundation. It would serve, as a reminder, of the amazing "just" men and women that walked this land before us. It was their faith, love for their neighbors and their communities that drove their desire to reach higher and further.

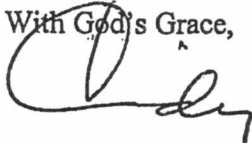

What is transpiring now in our world, our country, and our communities is Biblical!

We have lost our way, as we do not know who we are or how to really contribute! We are up against principalities that are challenging us at every corner. The time is now more than ever to be reminded of God's presence and God's promise to all of us! We can be a voice for the voiceless, it only takes one seed!

It is the love that I have for my country, my community, and my neighbors to do my part by returning education that has been omitted (I believe intentionally) from our educational system and therefore forgotten throughout this great country. May I ask how much do you know about our Gods given rights "to be free" to life, to liberties and the pursuit of happiness? Knowing our God given rights is not to be underestimated! God gave us these rights and he is the only one that can take them away!

Thank you for your time and I will pray that you will be one of many to water this seed!

With God's Grace,

REF: Educational Material  
Notification to Agents Notice to Authority

To Whom It May Concern:

This letter is to provide the recipient with information in a sincere effort to distribute materials that may help with making choices. This packet is combined knowledge that you could find IF you chose to investigate and research.

As a part of this amazing community we cannot force someone to hear a message they are not ready to receive, but we must never underestimate the power of planting a seed. I was lead to do my part, in an effort, to stop potential collateral damage.

**Compassion becomes real when we recognize our shared Humanity!**

I have been following this chain of information since 2017 and then lead in faith to every topic that I was to investigate. My prayer is for each of you to realize that this educational information provided herein can be verified I am not what many would comfortably want to label me, as the popular phrase "Conspiracy Theorist". This is far from the truth. The fact is I love helping people and the faster we get educated the faster we can heal ourselves, our community and our country.

Knowledge is power as long as you do something with it!

**Please do your own research:**

**Your choice, yours alone, your rights, your freedom, your liberties!**

**You get to live this life as you see best for you!**

Contributing to our existence is something I am passionate about. I must do my part. I pray daily that "All things hidden shall be revealed". I find misinformation, false information, and unlawful information from officials that have our family, our friends, and our neighbors believing them. The very people that serve us have authority OVER US, they don't!

It has become very apparent that the education regarding the power of our rights given to us by God and protected under the U.S. Constitution should be referred to as grossly negligent.

Therefore, I have gathered and am providing information to help enhance the knowledge of as many persons as possible, within this community and around the country.

I personally feel an obligation through listening to my inner voice to assist with this "educational" material by contributing, with a sincere effort, to crack open a door, turning on a light to guide us all to question everything as it leads to truth. God comes First, You come second and U.S. Constitution comes third. Everything else falls below this line.

It is of the utmost urgency to provide this packet so that in your position of agent/authority, it is honorable to seek and to understand what is taking place around you. Selflessness, Humility and Truthfulness are the mark of Honorable men/women. One can not be complacent just accepting the status quo. Leadership is more than following a path, it's about finding the right and just path. Informing the community is paramount. Whether you have a position as a principle of a school, a member on the school board, the board at the hospital, a manager of any retail establishment, work for the city, owner of a business, regardless, this material will give you insight on what is happening and what we need to know.

Herein: "Notice to agent is notice to authority."

What is happening is likely to be the biggest crime committed against the world population.

Attached you will find more lawful and truthful information with suggestions on how to handle your business, your position, with actual laws that have been provided to me by Peggy Hall of [www.thehealthyamerican.org](http://www.thehealthyamerican.org). Peggy has worked tirelessly to provide this powerful information. If you choose to go to her website, you will find her videos very informative and based on law. Peggy is making a huge difference not only in Southern California but all around the country.

Peggy's information was compiled to better educate us on the laws of the U.S. Constitution and California Constitution. The California's or any states laws can not be in conflict with the Supreme laws of the land, which is the U.S. Constitution. (Attached)

My passion is to help educate but more importantly we must be the voice for our CHILDREN. I take seriously that we as parents and grandparents are the voice for the innocent, as they are voiceless. Our children rely on us making the best decisions for them and they deserve us to gather knowledge. We can not make good decisions without having peace within our souls that we are exhausting all resources to enhance our ability

to learn, to seek the truth. We are in a time when being more knowledgeable is crucial to life saving and life changing choices. This experimental vaccine is NOT designed for children and NO Vaccine can be mandated by anyone! What about being part of an experiment is confusing? Have you really thought about what that means?

There is a changing tide in America and we are on the brink of history in how we conduct ourselves. We must ask questions! Question everything!

Everyday we wake up and there is a new set of rules. It is a system designed to cause confusion to mislead our decision making capabilities. A single lie told is enough to create doubt in every truth expressed. Just because you are offended doesn't mean you are right!

We have grown up in a time that has been lead by the media outlets! We trusted the information that we were receiving. Systemically we let the convenience of the media/television tell us what we needed to know and it has not been necessarily truthful. There has been an agenda, as I unfolded patents that allow technology to program us through watching that screen. Yes, stay tune for the next program. Words and Symbolism is everywhere!

We need to educate ourselves and the most basic of facts have been so far removed from our knowing that the truth in itself causes cognitive dissonance in many. One example will be an attachment of the Rockefeller Lockstep Plan against humanity.

Here is where we start with the foundation to our country and us as Americans.....

The U.S. Constitution provides, We the People, the freedom, as it is a body of fundamental principles according to which a State is to be governed. It sets out how all the elements of government are organized and contains rules about what power is wielded, who wields it and over whom it is wielded in governing of a country. It can be seen as a kind of contract between those in power and those who are subjected to this power. It defines the rights and duties of citizens, and the mechanisms that keep those in check.

**We the people are the rightful master of both the Congress and the courts, not to overthrow the Constitution but to overthrow the men who pervert the Constitution!**

**Abraham Lincoln**

What is taking place in and around us in our country, in our state, in our communities is gross overreaching of our leaders with false, unauthorized mandates, requirements, demands that is violating our Constitution rights. Who among us was educated on our Constitution? Many have no idea of the "real" power of the people. Where there is no law there is complete freedom. The Constitution is the Supreme Law of the Land and thus takes priority over any conflicting state laws Remember ignorance of the laws are no excuse.

**FACTS:**

The Constitution for the United State of America is a law of ruler and the people equally in war and in peace, at times, and under all circumstances. No doctrine was ever invented than that any of its provisions (U.S. Constitution) can be suspended during ANY of the exigencies [emergencies/urgencies] of government.....there is no law for the government of the citizens, the armies or the navy of the united State of America within American jurisdiction, which is not contained in or derived from the Constitution." .....

**THE U.S. CONSTITUTION DOES NOT SUSPEND** in a time of a **EMERGENCY**. SECTION 71 "Neither the legislature not any executive or judicial officer may disregard the provisions of the constitution in case of emergency. **FACT!**

The 14<sup>th</sup> Amendment states no person can be deprived life, liberty, or the property without due process of laws. **NO ONE CAN COMPEL, ORDER, MANDATE, REQUIRE YOU TO DO ANYTHING!** Not a city manager, not a mayor, not code enforcement, not law enforcement, not a county supervisor, not a state board, not a governor, not any person, not even the president. **FACT!**

Show me the Law! There is no Law!  
We have God given rights protected by the U.S. Constitution  
No law, no authority, no mandate, no requirement!

**ANY PERSON** operating in their "official capacity" is required to **UPHOLD** their sworn constitutional Oath to **SERVE AND PROTECT**. **FACT!**

Public officer or employee included every officer and employee of the State, including the University of California, every county, city, city and county, district and authority, including any department, division bureau, board, commission, agency, or instrumentality of any of the foregoing. California Constitution - Sec 3 amended Nov. 4, 1952, by Prop. 6. Res. Ch. 69, 1951

Attached is a copy of the Oath of Allegiance and Declaration of Permission to Work, located in person's personnel files as they serve **WE THE PEOPLE**. (The Oath must be taken to receive employment and compensation) **FACT!**

My point - no matter what anyone writes, orders, mandates, requires, compels with instructions for you to follow that is in direct conflict with the Constitution is null and void! When there is no law then there is no authority over you. If we don't know who we are as sovereign individuals then don't expect anyone to tell you. Ignorance of "no law" is not an excuse in this matter. **FACT!**

Our forefathers were clear, "It is the first responsibility of every citizen to question authority."  
**Benjamin Franklin**

Section 98 - Therefore, **ANYONE**, who declare the suspension of the Constitution's guaranteed rights (to freely travel, peacefully assemble, earn a living, worship, etc) and or attempts to enforce such suspension within 50 independent/sovereign, continental United State of America is making war against our constitutional oath and **VIOLATION** of their constitutional Oath and thus independently forfeit their office and authority and their proclamations may be disregarded with impunity and that means anyone, even the President. **FACT!**

There are **NO MANDATES** that require you to conform for **ANY** reason. **FACT!**

Now we are being faced with a vaccine. There are recent concerns about a mandated vaccine. There are even persons being told they must take the vaccinated or loss their job.

**NO STATE SHALL MAKE OR ENFORCE ANY LAW** which shall abridge the privileges or immunities of citizens of the United State of American. (God given rights) **FACT!**

Example: **THE EUA – EMERGENCY USE AUTHORIZATION**

Clearly states **GETTING THESE VACCINES IS VOLUNTARY**  
Dr. Amanda Cohn, the executive secretary for the CDC's advisory Committee on Immunization Practices, was asked if Covid-19 vaccination can be required, she responded that under an Emergency Use Authorization, vaccines are not allowed to be mandatory. **FACT!**

While this appears to be good news "regardless" the agencies (that took an oath to protect our rights) may make policy that doesn't make it law. Do your research **no one** can require you or mandate you to wear a mask or take a shot or comply. It is strictly your choice. It's called informed consent. **FACT!**

Do not let your rights be confused with these agencies that work to create policies. It's a fact that we were groomed through, lack of education, (it could only be intentional lack) as we trusted and respectfully allowed the government to make you "believe" you had/have to do what they tell you to do! This indoctrination has taken decades to procure. **FACT!**

Now we are being faced with a vaccine. There are recent concerns about a mandated vaccine. There are even persons being told they must take the vaccination or loss their job.

**Americasfrontlinedoctors.org** has all the information you need and more to know what is proper and lawful under these stressful circumstances. Dr. Simone Gold has rallied a group of amazing doctors and lawyers that will inform you of your rights in and out of the work place.

Many, many, good, trusting, people in our community have not been informed and were lead to believe that the vaccine is a requirement for freedom. Whether implied or it could have been out of fear or fear of job loss or a loss of life. This is an experimental injection that is not approved by the FDA and is strictly voluntary and can not be mandated under the EUA. An average survival rate is 99% and higher without the shot. (See Nuremberg Code Attached) No one under 20 should even be allowed to take this experimental shot.

The truth doesn't cost anything but a lie could cost you  
**EVERYTHING!**

There is a legal term called Informed Consent. Below is the definition.

**Definition of Informed Consent n.:** agreement to do something, with a full understanding of all the relevant facts, including risks, and available alternatives. That full knowledge and understanding is the necessary factor in whether an individual can give informed consent. This type of consent applies to many situations in life, including making decisions about medical care. The law requires that a person can only legally consent to something to occur, or to perform some act, if that person has been informed of, and understands the facts of the situation. It is ONLY with a full comprehension of the risks and benefits of the decision, as well as an understanding of the possible alternatives, that any individual can consider whether an action would be in his/her best interest.

In a doctors' office, hospital, or other medical setting, healthcare providers are required to obtain informed medical consent before treating a patient and that includes being informed about a shot. Did you sign a release? Did you read the release? Did you understand the release?

The obtaining of informed consent is especially important in the medical field, as failing to receive such approval leaves medical professionals liable for injuries that may occur

Were you informed? Were you offered an alternative treatment? Did your employer give you a choice or were you required? Were you told that you would lose your job?

These questions are asked because this is about proper protocol. Did you know you were volunteering for an experiment? Do you know that in many cases volunteering for an experimental vaccine or testing voids life insurance policies?

The F.D.A. has never approved this experimental vaccine that many experts are calling an operational system. Do your own Research, as a truth seeker. Chipped?

Pink Floyd wrote a song "MOTHER". It was prompted by a question found spray painted on the Berlin wall...."Mother can I trust the government?" It is up to each of you to ask yourself that question.

We have been not been told the truth about tobacco – We have not been told the truth about asbestos – We have not been told the truth about Mercury fillings– We have not been told the truth about Teflon – We have not been told the truth about Opnoids – We have not been told the truth about baby powder – We have not been told the truth about deodorants with Aluminum — We have not been told the truth about Lead Paint– We have not been told the truth about our water and toothpaste with Fluoride – We have not been told the truth about Saturated Fat – We have not been told the truth about Round Up weed killer – We have not been told the truth about GMO's – We have not been told the truth about STATIN drugs and so much more....

We must especially beware of the small group of selfish men who would clip the wings of the American Eagle in order to feather their own nest.

Be “yourself” enough to have an opinion, Be “Wise” enough to recognize a difference of opinion, Be “mature” enough to find a way for co-existence. Some people make a difference and some people make you different.

The Constitution is neither right nor left. It is the middle ground between tyranny and anarchy. Those who believe in the Constitution and have sought this knowledge have risen to set the course for a better tomorrow because without it the course could be a very dangerous destination of human repression by not only government, big tech and mainstream media. The past year has swept our country in a frenzy of fear, misinformation, suspicion, division and wholly not representing the spirit of America.

There can never be any justification for clamping down on medical research and the free and honest flow of medical discovery by those claiming to protect you. Stopping information or censoring information should be your alarm clock. This affects us all! Plain and simple - Not knowing information could change the course of your life.

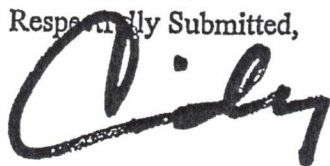

My intent is to serve and hope that something herein will cause you to pause for a moment and think about the possible alternative of not knowing while wishing you could have made the difference. You alone can be the one that can make the difference for yourself, those you love and be a voice for the unknowing.
