Dear Bear Valley Unified School Superintendent and School Board: Mary Suzuki, Paul Zamoyta, Stephen Foulks, Cathy Herrick, Susan Smartt, Jack Roberts, included but not limited to, et al:

As school superintendent and school board, you were locally elected and took **an Oath** as public officials/servants ENTRUSTED with governing our community's public schools. This role is to ENSURE that the district is responsive to the values, beliefs, and ethics of our parents and our community.

We are writing to you today, **uniting as a community** to advise you that we as Parents/guardians/custodians, are the **ONLY AUTHORIZED VOICE** for my/our child(ren). **I RESERVE ALL God GIVEN RIGHTS** for my/our child(ren).

The "**looming**" concerns of our community regarding **ALL OF THE VACCINE'S MANDATES, not limited to Covid-19** have not been properly addressed by the State and our local school district, which are supposed to be OUR voice. **DULY NOTE: Our child/children have a 99.6% survival rate without a Covid-19 vaccine, which is the most invasive VACCINE of them all.** This shot is proven to be tainted with heavy metals including Graphene Oxide which is toxic to humans along with other substances that cause sterilization and death. **WE DO NOT CONSENT! ANY** of the procedures and/or product being administered by school districts as they relate to Covid -19 require informed consent under Federal law 21 U.S. Code §360bbb-3. This is the overreaching of the districts "**fake, perceived authority**" over our child/children as you and others have **NO AUTHORITY OR VOICE** over my/our child(ren).

Practicing Medicine without a License is factual on all levels – Everyone employed by the County of San Bernardino, Health Department, not limited to have engaged in the practice of medicine without a license **without consent**, are in **violation of State Law, Federal Law and International Law, Nuremberg Code Article 6 Section 3 states No Government can mandate or force medical treatment without an individual’s consent.** The People **know** that **ANY LAW THAT IS NOT IN AGREEMENT** with the U.S. Constitution is **NULL and VOID** on its face. In violation of human rights, you are attempting to make law in absence of due process of the laws by following unlawful, **MANDATES, ORDINANCES, ORDERS, POLICIES, REQUIREMENTS**, and other statements **without question.** These create a **color of law** but are **NOT actual LAW** and you **DO NOT HAVE THE AUTHORITY TO DO SO, THEREFORE, you are PARTICIPATING IN A CONSPIRACY** that is in **VIOLATION OF YOUR Oath of Office and against the God given inalienable rights, the people’s rights PROTECTED BY THE CONSTITUTION OF THE UNITED STATES OF AMERICA.**

BE IT KNOWN: That ANY documents, that may have been signed by me, that I might have inadvertently signed giving up my “right/s” as a Parent/Guardian/Custodian are NULL AND VOID. This includes the online sign-up sheet by Bear Valley Unified School District that parents fill out. I/we rescind any and all rights formerly granted and are expressly withholding consent for any employee or agent of this school or school district from performing medical procedures or administering medical products to my/our child as they relate to SARS-CoV-2 (“Covid-19”), including but not limited to vaccines, masking, or testing. I/we expressly choose not to enter my/our child/children into these medical trials. As of this writing we have no regulable obligations with you.

TO BE CLEAR: If you, the school, and/or district fail – or refuse to follow this written directive, you face both civil and criminal liability, personally and in your official/representatives’ capacities, under Business and Professions Code Section 2052 which could be charged as a misdemeanor or felony, as well as Penal Code sections 192b, 273a and 273c, among others. **ANY PERSON who WILLFULLY fails to obtain informed consent is subject to monetary penalties that range from a minimum of \$25,000.00 to \$1 million**, even in your individual capacity. **Under no circumstances** are you to provide any medical advice or administer any drug, test, mask to my/our child(ren) outside of the presence of us parents or our attorney. **Under no circumstance** will you speak to, reprimand, or advise our child(ren) regarding his/ her health or medical treatment alone, with ANY adult no matter who they are, including but not limited to school nurse, principal teacher, coach, medical professional, administration or staff on campus, or any other public or private entity outside of the presence of one of us or our attorney. **Under no circumstances** are you to demand, inquire or ask my/our child(ren) to fill out a form, respond to written, oral or digital questions about her/his health choices, doctor’s information, insurance information, or other private medical information outside of the presence of us or my attorney.

FURTHER ENSURE that this document is available in my/our child(ren) student profile, to all staff who might attempt to administer, provide, coerce, give, or force any of the above-referenced medical treatment outside of the presence of myself/one of us or our attorney.
