## **Historical Status of Washington D,C, and the Act of 1871**

### **Ode to The Corporation**

Everyday “We the People”, are learning about a history that is unknown to us! The history that was not revealed. It will be up to each of you to do your own diligence while digging into parts of our past that have been hidden for hundreds of years. You will have to dig as the truth has been kept a secret for a very long time, over 100 years. The truth has been labeled as nonsense and some sort of conspiracy theory as this is the normal reaction to disbelief followed by outrage. (This truth will not be found on Google.)

**The truth is power, it also shakes the world of deception to the core**

**Secrets things will come to light and be exposed.**

**All things hidden shall be revealed. Luke 8:17**

**Everything that is hidden will be shown, and everything that is secret will be made known.**

**Luke 12: 2-3**

**The following is not political rhetoric; it is truth regardless of who is in the leadership of our country, we are Americans first and not for sale.**

**The year is 2020.**

D.C. is fenced off, and the President is not going back, to D.C. not for the reasons you may be thinking. Fear not there will be a new capital built and an end to the income taxes paid to the tax collectors of the corporation that is not in the hands of the new administration. They went to all links to steal a corporation, whose assets are in the process of being seized. (Read the Book “The Creature of Jekyll Island” for reference to who “they” are.

**Most do not see this coming because they did not even know their nation was a corporation.**

**It is indeed but now; no more are the State’s subject to it.**

**Please read on to understand the battle we are in.**

In 1871 a seditious act was performed by the government. A coup was made to rewrite the Constitution and put “We The People” in all CAPITALS under a new corporate contract transferring the United State of America into the new corporate of the UNITED STATES OF AMERICA, which transferred to the power “We the People” and the Constitution over to the **new corporation**.

When they did this coup it placed the citizens of the United States of American as **property** of the UNITED STATE OF AMERICA corporation which was centered/based in Washington, D.C. This action made Washington D.C. a **foreign** entity on American soil of sovereign states.

It established through a loan from the Vatican when D.C. was transferred into a city state and this corporation entity then **ruled over the people. The citizens' rights were taken from them in this process and no one realized this!**

When they did the broker deal to get a loan from the Vatican, they did so via the Bank of London. At that time, they transferred all the property in D.C. (Columbia) over to the corporate entity of D.C., a foreign corporation.

The forming of this corporation in D.C. is of major importance to understand as when Trump signed an Executive Order in 2018 election on election interference, fraud for entities both foreign and domestic it outlined how assets would be seized.

The President and the people know and had the proof that a coup had transpired out of the corporation of the UNITED STATES OF AMERICA along with other foreign nations and was ignored by the corporation in D.C. They continued with their illegal steal, and the military is now in the process of seizing the assets of the foreign country know as corporation of the UNITED STATES OF AMERICA.

It appears that President Trump Executive Order was actually directed at the Washington D.C. corporate swamp cabal all along. D.C. was now walled in and filled with military guards.

President Trump has moved prematurely for he cannot be President over a sovereign nation in a foreign land, which is what the White House & Capital are.

President Trump was voted in by "We the People" not the corporation. After Donald J. Trump exits the White House, D.C. will be locked down because it will not be possible for a foreign ruler to rule over a foreign country.

Therefore, the foreign ruler must be locked out, in the case, that would be this new administration.

Now you can see what is meant when Lin Wood shouts we are in the second revolution. We are literally watching the reclaiming of the United States of America.

What this means for "We the People" is many things. One of them is no more I.R.S. Watch and see how this plays out. It is a genius movie.

**God is in charge of this Nation and is now leading his elect to restore  
this great nation called by his name.**

Additional military troops arrived to provide security in D.C. after Joe Biden inauguration, why?

The military is taking over.

It's a bad crime to attempt to cheat an election. It's a worse crime to actually cheat an election, it's a worse crime of all to steal an election. Certified fraudulent results and get to the finish line. Maximum penalties are now on the table; we caught them all.

**Thoughts:**

**If you are in a storm at sea, you may not see land for many, many, days, if not weeks or months in hope that "land" exists beyond the dark skies is bleak and many will give up but the Captain KNOWS his is responsible for all on board and must push forward as he has PROMISED we will beat the storm and come out victorious.**

We all want it to be ABC, easy and done. We are talking about defeating the Deep State, perhaps the best approach is defeating them and while they think you and all your followers have been defeated.

**All warfare is based on expectation hence when we are able to attack, we must seem unable, when using our forces, we must appear inactive, when we are near, we must make the enemy appear far away, when far away, we must make him believe we are near.**

**Sun Tzu, Art of War**

**The year is 2025.**

So, learning what we have not been taught or told is disturbing, creating overload leading to detachment.

In 2017 Executive Order 13773 was signed. Most people never read it, most people never understood it but those who did, they realize it wasn't just paper. It was a signal of change.

This order didn't name individuals, it didn't point fingers, it didn't make accusations. What it did was define a legal battlefield.

**Executive Order 13773 declared that certain forms of organized wrongdoing, especially corruption, fraud and exploitation are a National Security Threat.**

**Not political threat. Not social threats, National Security Threats.**

**What is the meaning? It opened the door for federal agencies, military intelligence branches and inter agency task force to work together, investigate together and act together when corruption reaches a certain level, not random, not reckless. Strategic, lawful and coordinated.**

This order basically says if you are part of an organization public or private engaging in serious exploitation, corruption, or abuse that affects the American people, "We the People", you fall under this umbrella, and we know through research who falls under this umbrella. Any structure, public office, corporate entity, agency or organized group that engages in systemic corruption can be investigated, audited and held accountable under the National Security framework this order created.

No Names

No Accusations

Just the principle. If you misuse your position, your badge, your authority, your seat, or your influence to harm the "people", you are inside this parameter!

What does this mean for the future?

\It means accountability is no longer just local, if corruption crosses state lines, affects federal funds or impact National Security 13773 activates the multi-agency response.

It means small towns can trigger big time oversight, if the corruption is organized or systemic it means badge or title no longer equals **immunity** because the order puts conduct over position.

It means every agency, local, state, federal can be audited, reviewed and investigated when patterns match the criteria the orders lay out. Not because of opinions but because of **lawful authority told the system protect the people first.**

Here is the coded version for the ones who understand **Executive Order 13773**. It sets the stage for accountability structures we are seeing quietly active today, because corruption becomes organized, it stops being a mistake and starts being a National Security threat.

So, everyone reading, no matter where you live, **no matter how small the town** or how big the city, accountability is not off the table. This order makes sure of that.

This isn't fear,

This isn't panic,

This is **clarity**,

This is an opportunity for every person to stand and expose corruption and get that oversight there to investigate,

This framework was set years ago; we are just watching the timeline catch up!
